

Housing group wants answer on pre fabs

Approval by the village of Arlington Heights of a prefabricated house for teacher occupancy has been hanging fire for nearly three months. Attorney Collins appeared before the Arlington Heights village board Monday evening asking how soon an answer to the building permit application is going to be given. The board had no real answer except to refer the renewed request of the school group to Paul Taege, building commissioner. The lot secured for the erection of the proposed house is on South Chestnut, south of the plant of Paddock Publications.

SECOND request, received that evening, of granted, will also relieve the housing problem for school teachers. C. A. Hughes asked permission to remodel his home at 720 S. Dunton into a two flat without making any change in the exterior appearance of the building. His request will be referred to the zoning board of appeals.

Mr. Hughes states that if permission is given by the village it is his intention to first offer the flat to a teacher or a GI.

VILLAGE of Palatine is allowing the erection of plywood houses. In last week's Palatine Enterprise, an architect upheld the contention of the builders that plywood houses have the same permanency as the old time frame. Ten such homes are being constructed in the South Plum Grove area of Palatine. A group of such homes are also being erected on Dundee road, east of late road.

Flame war gas mask or spontaneous fire

Dr. Clarence W. Leininger, acting Chicago dentist, who has a place on Rand road, Palatine, has good reason to believe that the residue from a gas mask brought back from Italy by his son, caused a fire, which extinguished itself in the same mysterious manner in which it started. The explanation he gives is that a gas mask is concurred in by others who have investigated the incident.

The fire occurred Friday, August 1. About a week earlier Dr. Leininger had noticed that a gas mask which had been brought back from Italy by his son was showing signs of disintegration. He picked up what was left of the mask and deposited it in a receptacle outside the building. Not thinking it was a hazard, he did not clean up the residue. The building in which it had been deposited was a frame granary and shed, the entire shed being lined with asbestos sheet rock.

THE CHEMICAL content of the gas mask which had been spilled this asbestos sheeting ignited from either spontaneous combustion or some unknown reaction, and it was so lit that it burned through the asbestos sheets which were about 1/4 inch in thickness, igniting the frame structure of the shed. This burned up to the roof rafters, then a fire went out of its own accord.

This is being mentioned in detail, not only because of the peculiarity of the fire, but principally as a warning. There are undoubtedly many of the World War II gas masks being retained by former in service. If one of these can degenerate and cause a fire, others can do likewise. It is suggested that those having one of these masks, should do something about protecting themselves from a similar experience. The next fire might go out, says Dr. Leininger.

ert school janitor
dies early morning
dies at St. Mary's

Ed. Brehm who has been janitor of St. Mary's school, Buffalo Grove, nearly 40 years could not sleep last Thursday and decided to visit the new St. Mary's school before breakfast. He saw a truck standing outside of the school but did not think anything about it until entering the cement, he heard men talking the next floor.

When Ed started to investigate the men who had started to dismantle some of the electric saw equipment, ran out of the building. The visitors evidently knew that the builders had left some of their heavy tools in the building.

ilder loses \$400 in
when equipment

Kitchen equipment, valued at \$400 was stolen Friday night from a completed ranch type home on Eastwood, on east Euclid avenue. Taken were five white enamel kitchen cabinets, one kitchen cabinet and sink and two sets.

High school board engage two additional science teachers

Mr. R. Kemman has been employed by the Arlington Heights Township high school to teach biology and general science. Mr. Kemman is a graduate of the Northern Illinois State Teachers College and has a Bachelor of Education degree in science. He was employed last year at Caladonia, Illinois as a science teacher. From 1942 to 1945 he was in the armed forces. Mr. Kemman's home is Des Plaines.

Mr. C. J. Waters has been employed to teach general science in the Arlington Heights Township high school. Mr. Waters is married and has one child. He has his Bachelor of Science degree from Quincy College, Quincy, Illinois and has had two summers of graduate work at Western Illinois State College. He has been teaching at Bowen, Illinois since 1944.

Wheeling boy drowns 'off limits' in gravel pit

Five years ago a ten year old Wheeling boy, Richard Turck, lost his life by drowning while playing in the Forest Preserve Gravel Pit. The present heat wave is again drawing youngsters to the water holes in the community, most of which present a health hazard because of pollution, and some having deep holes with danger of drowning. Placards posted forbidding swimming at the Utpadel pit, which is very deep in spots, are being disregarded daily by the children. When asked to leave the pit by the property owner, some of the boys left the water on one side of the pit, only to sneak back in on the other, a good game for hot weather but a dangerous one.

At the request of the mayor, Arthur Ortel, this article is being written to ask for better cooperation on the part of both parents and children, so that the tragedy of five years ago may not be repeated.

Forest Preserve buys Dundee frontage in village of Wheeling

Cook county board on Monday approved the purchase of C. F. Baling 378 feet of frontage on the north side of Dundee road, west of the Des Plaines river, in the village of Wheeling. The board accepted the price asked by the owner, of \$1800.

E. B. Simon, county school superintendent takes office

Selecting six competent assistant county school superintendents is the first job Edward B. Simon, county school superintendent, has before him, he said Monday when inducted into office.

Simon replaces Noble J. Puffer whom he defeated in last November's election. Officiating at the swearing in was Probate Judge William J. Weaghs.

Simon selected as his appointment to first assistant superintendent, Wiley J. Simmons, superintendent of Oak Lawn school. He said he was retaining two aides.

Milton W. Bollman, formerly in charge of division 2 will be personnel director for the county and will temporarily continue his previous work. Robert Selbeck will be in charge of instruction of handicapped children.

Qualifications for the new superintendents as given by Simon are an adequate education preparation, well versed in public schools, holder of state superintendent's certificate and no politics.

Simon is an attorney and a former teacher at Lane Technical high school in Chicago. He lives at 860 Hinman avenue, Evanston.

Present at the ceremony was his sister, Mrs. John Dybeck, of Chicago.

Missing something?
Ask your daughter

Mothers of girl scouts of Arlington Heights and Mt. Prospect who have discovered that some of their utensils, including silverware is missing will be interested in this message which is directed to girls who attended the summer camp.

"Day Camp lost and found articles are at Drewes Electric Shop, 25 West Davis st., Arlington Heights. Please call for your items this week. All unclaimed articles will be stored with camp equipment and not available until next summer."

To have driver training course at Arlington Hi

Arrangements were completed today for a high school driver training course at Arlington Heights Township High School of Arlington Heights, according to an announcement from Charles M. Hayes, President of the Chicago Motor Club.

Nicholas Lattot of Lattot Motor Sales, Arlington Heights has agreed to lend a new Chevrolet sedan to the high school for the school year from September, 1947, to June, 1948.

Leroy Knoppelt, superintendent of the high school, announced that the course would be installed and ready for the beginning of the school year.

The Chicago Motor Club has been working on the high school driver training program for over ten years. For the last 12 months the club has sponsored a cooperative plan in which local dealers would provide the cars for their high schools. Over 100 cars have already been offered under this management. The club also established two courses at Northwestern and Purdue Universities for the purpose of training teachers in June of this year.

Arrangements have also been made for two other courses to take place this fall at the University of Illinois and Purdue University.

Dual controls for the cars, classroom materials, and mechanical devices to assist in the operation of the course, as well as text books at cost, are provided by the motoring organization.

Fire destroys garage
of F. E. Hausams

Saturday afternoon the two car garage on the F. E. Hausam property in Arlington Heights was destroyed beyond repair by fire. Due to the quick action of Frank and Lydia Hausam, of the Ford car, owned by Miss Celia Hausam, was pulled to safety.

When the fire was discovered the flames and intense heat would not permit anyone to enter the building. The firemen saved the building from burning to the ground, but it had made such headway before they arrived that the damage done is beyond repair. The origin of the fire was unknown.

Tax offices open

The local township collectors of this area opened their offices this week for the collection of the second installment of the 1946 real estate tax.

Wm. Annen, collector of Wheeling township, is at the Arlington Heights National Bank, Albert collector, is at the Mt. Prospect State Bank and Thomas C. Hart, Palatine collector, is at his office in the Wm. H. De Rue real estate office in the State Bank building in Palatine.

William Annen, Wheeling township collector, will hold office Monday, August 11, at the Arlington Heights National Bank during the usual banking hours. He will be there each day except Wednesdays.

Mr. Annen will be at Mt. Prospect State Bank Wednesday, August 20, and at Wheeling Wednesday, August 13 and 27. All collectors will close local offices after August 28.

The collectors are asking the cooperation of their property owners in making their payments as early as possible. Penalty date on the second installment is Sept. 1 at the county building.

The township collectors are accepting first installment payments for pament to the county collector. Personal property bills are now delinquent and are payable at the office of the state's attorney at the county building.

Bowling leagues
must register early

Everett Lindgren and Eddie Wolf of Arlington Heights Bowling Lanes have issued a call for secretaries of all local bowling leagues to sign up for the coming season by August 15.

Also, many individual bowlers wishing to enroll in leagues are urged to register at the alleys for opening on various nights. Many openings are available for women leagues, particularly for a Thursday afternoon league.

Two grease fires
bring firemen to
Eagan restaurant

Housewives are not the only ones who have grease fires, Arlington Heights firemen were called twice during July to the Eagan restaurant where grease had become ignited. Both were extinguished by the use of hand extinguishers.

Neighbors may be asked to help fight fires at Arlington

Arlington Heights fire department will present to the village board next Monday night approximate figures for a new 750 gal. pumper, a two way radio and remodeling costs of the municipal fire quarters to house the truck. A special election will be called to give the public an opportunity to approve the bond issue.

Even if the truck is ordered at once, delivery can not be secured for another 18 months, says Marvin Rodwald, a member of the purchase committee. "Our old trucks may get so bad that we might be forced to ask Palatine and Mt. Prospect to fight our fires," says Curly.

Property owners present petitions to village board

Arlington Heights village board listened to the plea of a number of property owners before them Monday evening.

Paul Peterson, representing Eastwood Ranch Estates asked approval of the construction of a four foot wide sidewalk on Euclid. The board demanded an additional 8 inches, the standard width.

MR. PETERSON asked authority to lay a water main in Dryden Place, from Euclid to Miner for which the village engineers had given their o.k. The board asked a few minor changes. Paving of Beverly Lane in Laurinwood has been started and will ultimately be finished to Central road.

Fred Taillon, Arlingdale, was given authority to connect with a one inch private main, running across Vine street. Mrs. Johnson of the same subdivision asked permission to construct a septic tank. Action was deferred until a committee learns if it is possible to have regular sewers and water mains installed through Arlingdale.

APPROVAL was given on pay roll of \$5,948.08. Paul Taege, building commissioner, reported permits had been issued during July for erection of 17 dwelling units to cost \$186,500.

A. G. Lippold, health officer, reported that she had requested sanitary changes in a local restaurant and had been assured that the changes would be made. In addition to the one case of polio there has been one case of chicken pox and three children bitten by dogs. Rabies serum had been given to one child.

The hands of the clock had reached 11:30 at this point of the evening, when the aldermen decided to adjourn to next Monday when they hope the temperature will be less than 90 degrees.

Chicago bus companies also argue over service to race tracks

Arlington Heights is not the only municipality in which there was a controversy over the right to run buses to the race track. Harvard Motor Coach and Geisen Motor Coach after given the ok by the village of Arlington Heights, are carrying their case to the Illinois Commerce Commission.

The commission has granted a franchise to the Eagle Bus line to operate buses from all sections of Chicago to all the race tracks. Sheridan-Paza Bus Line, Inc. charges the Eagle line is muscling in on the Sheridan business.

Tommy Jacobsen is
coming home Sunday
after polio attack

Mr. and Mrs. H. R. Jackson, 1131 N. Harvard, Arlington Heights expect to bring home Sunday their son, Tommy, who became ill with polio a week ago. Doctors report no trace of paralysis.

Dr. Edward A. Piszczek, county health director, reported this week that the 14 polio cases in the suburban area is almost two-thirds less than the number of cases reported for the first seven months in 1946.

Fireman hits boy
on way to fire

Martin Engelking, member of Arlington Heights fire department, was driving north on Dunton St. at 4:10 Saturday afternoon in response to a fire alarm at the Hausam residence, when he hit John Vondraček, 8, son of Rev. and Mrs. Vondraček, 8 West James, who was riding a bicycle. The boy was thrown directly in front of the car, but Engelking was able to stop his auto before passing over John.

WLS entertainers in Arlington Hts at 4-H club show

The program committee for the 4-H exhibition, which is to be held August 22 and 23 at the Arlington Heights Recreation Park, is announcing the appearance of featured artists as a part of the entertainment.

Friday at 8 p.m. Carl Hardy, Millie and Bobbie famous entertainers of WLS, will open the evening program, followed by "The Great Faust", a magician, a Rural Youth dance exhibition and a novelty number, "The Old Cow Hand." A fine orchestra will also be on hand to lend the musical note.

VARIOUS exhibits of the 4-H livestock, gardening and Home Economics departments will be open for public inspection.

The program Saturday afternoon will begin at 12:30 with the appearance of W. F. Carwin and the Polly Jenkins Trio, also of WLS fame. The meat cooking demonstration will take place in the field house at 2:00 p.m. and at 3 o'clock the boys and girls who have won ribbons will be announced in the parade of champions.

The 4-H Fair will close Saturday night with the farmer's dance, to which the public is cordially invited.

Alumni dance Saturday

This Saturday night a gala affair will take place at the Mt. Prospect Country Club when the class of 1937 of the Arlington Heights Township high school will sponsor an alumni dance, which will be open to all graduates, regardless of what year they graduated, and their friends.

It was erroneously stated in last week's Herald that tickets were \$2.00 per person, it should have read \$2.00 per couple. Those attending will enjoy an evening of dancing to the smooth music of Wally Hermes orchestra, which begins at 9 p.m. and a door prize will also be given away.

The group sponsoring this dance are in hopes of forming an alumni association with the help of the alumni who attend the dance. They feel that Arlington high could use the support of an alumni group.

Lillian E. Russell, retired school teacher dies quietly

Miss Lillian E. Russell of 533 S. Vail ave., Arlington Heights, passed away early Wednesday morning, August 6, 1947.

She had been in a hospital and a convalescent home in Evanston since January, after a fall in her home, when she fractured her hip.

Miss Russell taught in the Arlington Heights elementary schools from 1915 - until 1924 when she went into Chicago to teach. Her last years of teaching were in the Onahan school in Norwood Park. She retired in September, 1940.

Services will be held from the Karstens-Fairbanks funeral home Friday, August 8, 1947 at 2:30 p.m. Interment at Graceland cemetery, Chicago. Rev. Milo J. Vondraček officiating.

Deceased made her home with her sister, Miss Irene Russell, who was principal of the south school many years.

Attempt to pass car proves fatal to owner

Harvey Halverson, 22, son of Mr. and Mrs. Ralph Halverson, Aptakisic, died in Condell Memorial hospital, Libertyville Saturday night, five hours after an automobile accident near Libertyville.

The car was owned by the deceased but was driven by Warren R. Wells, 16, Libertyville.

Wells attempted to pass another westbound car, swinging into the path of a truck. Funeral services were held Tuesday at St. Mary's church, Buffalo Grove.

Wheeling advertises stop and go lights

Village of Wheeling is using the classified section of this paper this week to advertise four perfectly good stop and go lights, with control box—a tip to neighbors towns who have been praying for such lights.

State Highway Department has installed four new lights at Dundee and Milwaukee ave., where the village owned lights formerly operated.

Ehrhorn elected head
Rochester high school

T. R. Ehrhorn, former principal of Arlington Heights high school has been elected principal of the senior high school at Rochester, Minnesota. That city has a large school system. In addition to 17 elementary schools, there are a junior and senior high school and a junior college.

Public hearing next Monday on budget of high school

A public hearing on the tentative budget and annual appropriation ordinance of Arlington Heights high school district No. 214 will be held Monday, August 11. It calls for a total 1947 tax levy of 277,500, an increase of one-third over a year ago. Of this amount \$215,000 is for educational purposes, and \$62,500 for building fund. The levy includes \$22,000 for bonds and interest.

The elementary school district holds its public hearing next month.

Retiring Chief Jahn retires "on the job"

It was a few minutes before midnight, July 31 when a fire call brought our Arlington Heights fire department to Arlington Ridge where burning brush had gained "too great a headway," (according to official reports.)

It was the last fire call for retiring Chief Jahn. By the time the boys had arrived on the scene and water was in use, it was 12 o'clock, and Chief Jahn became a private citizen with a smile on his face, he turned to Elroy Winkelman, newly appointed chief, and said, "The Job is now yours."

Whether it was fate or the desire of brother firemen to give the retiring chief one more call, nobody is saying a word. Jahn told the boys that he appreciates the spirit that was back of it, even if it was midnight and he was asleep in bed.

R. H. Jahn's son, Frank, is a member of the department so the telephone fire call will still ring at 4 South Pine.

Otto Gaare buys Arizona dude ranch

The Editor saw a cowboy walk down the street the other day and decided to find out who he was. Sure enough it was our friend Otto Gaare, who recently purchased the F. K. Bar Guest Ranch "Out Wickenburg Way" in Arizona. It is the oldest and one of the finest guest ranches in Wickenburg, which is known as the "Dude Capital of the World." Mr. Gaare tells us that he has accommodations for twenty-five guests, and has over twenty horses and 1600 acres. This being a winter resort his season doesn't open until October 1.

14-year old boy returns home after hike to St. Louis

Albert Carrol, Jr., 14, 821 West Euclid, Arlington Heights is home safe and sound after an eight day hitch hiking jaunt to St. Louis. His parents, very much arried over his disappearance, asked the aid last week of daily and weekly newspapers. After running out of funds he was cared for at a Catholic Welfare Home.

His father says that the boy says he left because he was having trouble with his studies at St. Mel's high school.

A. F. Firnbach sells Buffalo Grove store after 34 years

A. J. Firnbach, who has operated a general store in Buffalo Grove since 1913 has sold it to C. Loeffler, who took possession this week. Mr. Firnbach is retaining his farm implement business and garage. He is also making plans to erect a larger building to house the farm equipment. Prior to 1913 the store was conducted by Weidner Bros.

Arlington firemen order flood lights

Arlington Heights firemen were so anxious for additional fire fighting equipment that the boys placed an order last Friday before any of their share of the carnival funds had arrived in the treasury.

The immediate purchase is a Home Light portable electric power plant with two flood and one spot light. This "extra" will truck be mounted upon the General.

At McKendree

Ruth M. Koerber, Arlington Heights, is among students who will conclude the summer session at McKendree college.

Enrollment at McKendree this summer was nearly double that of last summer. Fall enrollment is expected to reach the 350 mark when school opens on September 9.

McKendree college, a coeducational institution, is the oldest college in America under continuous supervision of the Methodist church.

Only Promises?

A child was killed a week ago at Wilke and Route 14. The cause of the accident that brought about that death were:

High weeds.
A pile of railroad ties.
Failure of state to provide a Wilke road intersection sign.

A woven wire fence.

A switchman's shanty that is used only 6 weeks of the year.

Within two hours after this paper appeared on the streets last Thursday the weeds were cut.

THE RAILROAD has not removed the railroad ties.

The state has not installed the sign.

No change has been made in the fence.

No attention has been paid by the powers that be to the recommendation of the coroner's jury.

At election time we hear a lot about the service that nominees stand ready to give if elected.

Well, we elected the Republicans last November.

Where is the service?

Rohde Repair takes first prize in firemen parade

The float of Rohde's repair service was given first place \$50, by the judges of the parade at the Palatine firemen carnival Sunday. Second place went to Palatine hospital with Herman Schmidt and Hacker-Coleman third and fourth places, Palatine National Bank placed fifth.

The firemen were so generous in the funds provided for the parade that prize money was evenly distributed to the remainder of the entries.

They were:

Arlington Heights Lions, Arlington Heights fire department, Itasca fire department, Mt. Prospect fire department, Vogt excavating, Curtis Candy, Page shoe repair, Al Laseke Electric, German band, American Legion, V. F. W., Barrington fire department, Fox River Grove Dept., Long Grove Fire Dept., Six girl horse back riders, 4 Erickson farm horses, F. Rathje draft team, Ernest Byfield with steam pumper, C. Zepp (Palatine's original hand pumper, Ray Holtzee, Neil Berlin bicycle and wagon, Nofz Motor Service, Palatine Cab, Steif's Auto Body, Gaare Oil Co., Cork and Bottle, Tibbits Cameron Lumber Co., "Queen of Palatine" (Mrs. F. Zick old car), Donkey Inn, Norwood Park drum and bugle corps.

The car went to George Kenyon, Inverness; radio, phonograph, Stanley Arndt; table radio, Eleanor Dieball, Arlington Heights; 2nd table radio, an Ontarioville resident.

Wrecks dad's car

Chas. T. Smith 5931 Eastend, Chicago, wrecked his dad's car last Thursday night when he hit a curb on the east side of State road, north of Central road. Three of his companions were taken to Palatine Community hospital where they were treated for minor injuries. State road has a slight curve at the point of the accident.

Mt. Prospect enjoys summer band concert

The citizens of Mt. Prospect wish to thank Mr. F. C. Schmoeyer and his summer band for their fine concert last week. It is hoped that Mr. Schmoeyer and his band will return next summer and give several concerts in Mt. Prospect.

Arlington Cafe to be closed every Monday

Arlington Cafe announced this week that hereafter the restaurant will be closed all day Monday. Many restaurants are closing one day a week for the benefit of their employees.

Self-Medication May Prove Expensive

by C. W. LUSSMAN of Sieburg Drug Co.

We value our material possessions so much that when anyone threatens to deprive us of them, we engage the best professional advice obtainable.

Yet with our most valuable possession—our health, we try methods of self-medication that frequently result in expense with little relief.

Consulting a physician at the first sign of illness saves money, anxiety and pain. No other person is qualified to diagnose illness or to recommend treatment.

When medicine is necessary the professional knowledge and skill of a reliable pharmacist should be obtained also.

CHRISTIAN SCIENCE CHURCHES

The subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 9, was:

"LOVE"

The Golden Text was:

"Let him that glorieth glory in this, that he understandeth and knoweth me, that I am the Lord which exercises loving kindness, judgment, and righteousness, in the earth" (Jer. 9: 24).

Among the citations which comprised the Lesson-Sermon was the following from the Bible:

"As the mountains are round about Jerusalem, so the Lord is round about his people, from henceforth even for ever. . . And we have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him" (1 John 4: 16).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"The everlasting I AM is not bounded nor compressed within the narrow limits of physical humanity, nor can He be understood aright through mortal concepts. The precise form of God must be of small importance in comparison with the sublime question, What is infinite Mind or divine Love? . . . Not materially but spiritually we know Him as divine Mind, as Life, Truth, and Love. . . A mortal, corporeal, or finite conception of God cannot embrace the glories of limitless, incorporeal Life and Love" (p. 256, 140, 258).

Mrs. C. H. Mills on state DAR

State honor has been given Eli Skinner chapter, Daughters of the American Revolution, with the appointment of Mrs. C. H. Mills, Stonegate, to a place on the membership committee of the Illinois State D. A. R. Mrs. Wendell C. Perry, Regent of Evanston's Fort Dearborn chapter, is chairman of the committee on which Mrs. Mills will serve. Notification of the appointment came from the State Regent, Mrs. Thomas E. Maury, Aurora.

Mrs. Mills was formerly State Registrar for Indiana, and is familiar with the responsibilities of state officers and committee members. She is a close friend of the National President General of the D. A. R., Mrs. Roscoe C. O'Byrne of Brookville, Ind. with whom Mrs. Mills served on the Indiana State board when they were both active in Indiana state D. A. R. work. As Registrar for the Eli Skinner chapter, she has been of much help in the formation of the new group, now entering its second year as an organized chapter.

Plans for fall and winter activities of the chapter have been gradually taking shape during the summer months. Mrs. Kenneth Gregory, chapter Regent, has now returned from an extended visit with relatives in the east, and hopes to announce a pre-autumn board meeting following the return of the vice Regent, Mrs. M. W. Grigsby, from a visit with members of her family in the east. Mrs. Grigsby, accompanied by her son Richard, will leave Arlington Heights this week-end, to be joined later in August by Mr. Grigsby. As Vice Regent, Mrs. Grigsby is program chairman of the local chapter and has been in correspondence with various persons who will appear on the chapter programs during the coming season.

The chapter has more than doubled its membership in a year, and it is rapidly taking its place among active D. A. R. groups of the Chicago area.

ST. PETER LUTHERAN CHURCH
(Missouri Synod)
Pastor
The Rev. L. V. Stephan, M.A.: M.S.T.

WILL NOT DROWN 1 1/2 YEAR OLD BABY

PLAY SAFE...

THROW AWAY THAT FRAYED CORD!

If lamp and appliance cords in your home are badly worn and beyond repair, replace them before they cause trouble. Serious damage can result from exposed wires. They cause short circuits, waste electricity, blow fuses.

During the war, all of us had to get along with makeshift wiring of inferior quality.

Today there is no reason why every home shouldn't have wiring that's both safe and adequate.

You owe it to your family to check through your home for worn-out electric cords today. Replace every frayed cord with a new one of good quality. Then, lengthen the life of these wires by handling only the plug when disconnecting a cord from the wall socket—never yank an electric cord!

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

Win trips to State Fair
Joan Lingren, 13, daughter of Mr. Fred Lingren who recently opened the new men's shop, has won her second trip to the state fair at Springfield this year. Joan who had been in 4-H work for three years and enjoys sewing very much, will model the bathing suit and beach coat she made. Three others, Bonnie Peterson and Dorothy Dittich of Arlington Heights, and Lois Jacobson of Bensenville have also won their way to the state fair. The girls will leave August 10 and return August 13.

Golden wedding
A garden party for 50 guests will be held Sunday afternoon on Rand Road, Arlington Heights in honor of the Golden Wedding anniversary of Mr. and Mrs. Bernard Naas. The Naas' have lived on Rand Road for the past ten years and Mr. Naas has a garden that he can well be proud of.

Both Mr. and Mrs. Naas were 75 and his wife 72. They had born nine children, but only four are still living. The family moved to the United States in 1925, settling first in Chicago and then moving to Arlington Heights.

IN MEMORIAM
In loving memory of our dear husband, father and grandfather who was called to his eternal home August 10, 1946.
Just one year ago God called him and he went away. He said goodbye to none. His loving heart had ceased to beat; before we knew it he was gone. He did not fail to do his best. His heart was true and tender. He worked hard for those he left and ever will be a remembrance. In life a beautiful memory; his absence a silent grief. He sleeps in God's beautiful garden in the sunshine of perfect peace.
His loving wife, children, and grandchildren

IN MEMORIAM
McDOUGALL — Gerald McDougall. In loving memory of our dear son and brother, who passed away five years ago today, August 11, 1942.
Loving and kind in all his ways, Upright and just to the end of his days.
Sincere and true in his heart and mind,
A beautiful memory he left behind.
He had a nature you could not help loving,
A heart that was purer than gold, And to those who knew him and loved him,
His memory will never grow old.
Loving parents, sisters and brothers.

Obituaries
George Reed
Services for George Reed, County Line road, Deerfield, were held at 10:30 a.m. Monday, with Rev. Lineberger officiating. Interment was at Manteno, Ill.
Mr. Reed died August 2 at the age of 58 years, 11 months, and one day. He is survived by his wife, Naomi.

Malcolm S. Walker
Malcolm S. Walker, Bannock Burn, Deerfield, will have his final rites today, Thursday, from the Deerfield Lutheran church, at 2 p.m.
Mr. Walker was born June 23, 1900, and he is survived by his wife, Helen.

Irving Whitcomb
Funeral services were held August 1 from the Lutheran church at 10:30 a.m. for Irving Whitcomb, 731 Deerfield road, Deerfield. He was buried in the Union cemetery in Northfield.
He passed away July 29 at the Hines hospital.

Mrs. Richard Kritsch
Funeral services were held for Mrs. Richard Kritsch, nee Martha Ratike, of Hammond, Ind., on August 1 from the St. Paul church at Hammond. Burial was in the Concordia cemetery.
Mrs. Kritsch was born in Wheeling Township in 1883 and married Richard Kritsch in 1905. She is survived by her husband, six children, Irvin, Clarence, Richard, Eleanor, Dorothy Schmuizer, and Norman; four sisters, and three brothers.

Phyllis M. Van Bleet
The final rites for Phyllis M. Van Bleet, 1041 North avenue, Des Plaines, were held Wednesday from the Lutheran church at 2 p.m. The services were in charge of Rev. Tecklenberg and burial was in Ridgewood cemetery.
Miss Van Bleet was born in Rockford February 16, 1918. She served as a WAC in World War II, and passed away at home August 4. She is survived by her parents, Mr. and Mrs. Dwight Van Bleet and one brother, Vernon, and her grandfather.

Katherine May Fordham
Funeral services for Katherine May Fordham were held Wednesday, at 2 p.m., from the Deerfield Lutheran church at 2 p.m. Thursday, at Green Lake, Wis.
Mrs. Fordham was born April 16, 1891. She passed away at her home August 3. Those surviving her death are her husband, Lyle, two sons, John William, and Tom David; a brother, Joseph Babcock Jr.; and a sister, Bertha Adams.

Mrs. Louise Wilke
Mrs. Louise Wilke of Arlington Heights was laid to rest last Sunday. Services were held from the Karstens-Fairbanks funeral home to the St. Peter Ev. Lutheran church, at 2 p.m., with Rev. J. M. Kempf officiating. Interment was in the St. Peter Ev. Lutheran cemetery.
The deceased was born May 25, 1869 in Arlington Heights and was confirmed from St. Peter Ev. Lutheran church in 1883. In 1891 she was united in marriage to August Wilke and after their marriage they made their home in Arlington Heights. Mr. Wilke preceded his wife in death in March of this year.
After an extended illness, Mrs. Wilke passed away Thursday, July 31 at the age of 78 years, 2 months, and 6 days. Three children preceded her in death. She leaves to mourn her departure five children, Caroline, Martin, Emil, Walter and Ellen; three grandchildren; one great grandchild; and one brother, Fred Rascher.

Children plan surprise on parents 25th wedding anniversary
The children of Mr. and Mrs. Ed. Brockman, formerly of Arlington Heights, planned a successful surprise on their parents Sunday in honor of their 25th wedding anniversary. The guests numbering sixty, arrived at the Brockman farm seven miles from Elkhorn, about 11 o'clock, bringing with them the dinner and ample supply for the buffet supper served at six o'clock.

The afternoon was spent on the spacious lawn of the farm home, seven miles from the village of Elkhorn. It was nearly an Arlington affair as the guests were practically all Arlington residents.

Among the guests were Mrs. Burhke, mother of Mrs. Brockman, and the families of Mr. and Mrs. Edwin Engelking, Mr. and Mrs. Geo. F. Meyer, Mr. and Mrs. Henry Meyer, Mr. and Mrs. Ed. Hinz, Mr. and Mrs. Richard Brockman, Mr. and Mrs. Henry Hertzke, Mr. and Mrs. Wm. Brockman and Mrs. Arthur Hertzke. Also present from Elkhorn were Mr. and Mrs. Ernest Kirchhoff, August Anstedt and Don Bartelson.

The event was planned by the eight children, Mrs. Anthony Bodor, Arlington Heights, Alvin, David, Melvin, Elaine, Chester, Kenneth and Glenroy who reside with their parents.

Arlington local news

The Past Worthy Matrons club of the OES had a dinner party July 29 at the Tally Ho in Evanston.

Mrs. Maurice Hadaway, formerly Marie Hartman, teacher of math in the Arlington high school twelve years ago, called on friends here last Saturday. She was accompanied by her husband and two of her four children. She now lives in Tulsa, Oklahoma.

Mr. and Mrs. Charles Calvin and children, Judy, Charles, and Diane are spending a few weeks in Louisville, Ky.

Last week end William Beckman, Ed, Al, and Art Bouffard, and Ray Sauve, went fishing at Sturgeon Bay Wis.

Mr. and Mrs. Roger Ryden and children will attend the wedding Saturday in Rockford of Mrs. Ryden's cousin, Robert Jeanmaire.

Vacationing for two weeks at Lake Lotawana, near Kansas City, Mo., are Mrs. Clifford Stockwell and children. They are visiting Mrs. Stockwell's brother and wife, Mr. and Mrs. C. A. Wickstrom and also plan to visit friends in Kansas City.

Mr. and Mrs. E. T. Bruhnke are spending this week at a cottage on the Fox River, near Algonquin.

Home on two weeks vacation is Albert Klein. He is employed with the Mills Novelty Company in Chicago.

Guests at the Carl Wright home last week were Mr. and Mrs. Harold Jeppe and daughter, Mary Lou, of Geneva, Ohio. Now visiting the Wrights are Mrs. Wright's parents, Mr. and Mrs. Henry Jeppe, who are also of Geneva.

The fifth birthday of Allen Dale Blum, son of Mr. and Mrs. Myron Blum, will be celebrated with a party Sunday afternoon. Among the guests attending will be Sharon and Donnie Sass.

The past week end "Taps" Hines spent in Champaign as a guest of her sister and husband, Mr. and Mrs. Alan Reinshagen. While there she attended a dance that was given in the Union Building.

W. G. Franke attended the Road Builders Association luncheon, golf, and dinner party at the Medinah Country Club Tuesday of this week.

Home after spending a week vacationing at Camp Inspiration on Lake Geneva in Wisconsin, are Joan Lathen and Sedelia Ashcraft.

Mr. and Mrs. Warren Fellingham have returned from a month trip through the Pacific Northwest. They spent two weeks fishing in Northern Idaho.

Mr. and Mrs. Ralph Sass and children spent last week Wednesday at Washington Park as guests of Red Wilson. Later they were Mr. Wilson's guests at dinner in Chicago Heights.

Miss Helen Bray of Cedar Rapids, Iowa, a former resident of Arlington, recently of Houston, Texas, called on friends last Sunday. Miss Bray is a welfare worker with the Red Cross and was active in the recent Texas City disaster.

Luncheon guests on Tuesday of Mr. and Mrs. A. D. Hines were Mr. George McInerney Sr. and Mr. George McInerney Jr. of Kansas City, Mo.

Ralph Sass has just completed a two weeks vacation. He and his family spent a few days vacation in Wisconsin and Michigan and enjoyed various short trips.

Friday afternoon Mr. and Mrs. Henry Busse and sons visited with Mr. and Mrs. Franz Henning in Hampshire, Ill. Dinner was enjoyed at the Shady Lane farm near Marengo. They also attended a play presented that evening by the Shady Lane Players in the barn theater.

Edith Herman of Menomine, Wisconsin is visiting at the home of her sister, Mrs. Floyd Burns, for two weeks.

Mr. and Mrs. Herbert Hammerl and son, Robert, Miss Dolores Beaubien of Milwaukee, Mrs. Emma Tesch, and Mrs. Fred Kuhlman of Palatine attended the wedding Saturday of Anna Haddow and Lester Traub, which was held at the Congregational church in Des Plaines.

Stephen Csanadi entertained her pinocchio club Tuesday evening. Mesdames Franklin Busse, R. J. Rizzi, and Les Stoike, won the honors.

Mrs. V. J. McDougall has returned from Compton where she spent several days with her son and family.

A recent guest at the home of Mr. and Mrs. O. G. Bolte was Jimmie Panzer of Chicago.

William Schubert of Irving Park called on Arlington Heights friends Sunday.

Mrs. Charles Lewis of Mountain View, Missouri is visiting friends in the village.

Now home is Mrs. William M. Weber, who had been visiting her daughter, Mrs. Charles Fenner, and family, in Casopolis, Michigan.

Mrs. H. C. Cleveland's guest Friday was Miss Mavis Ebert of Beaver Dam, Wisconsin.

Audrey Schuman, who is 14 years old, underwent an operation at St. Francis hospital Tuesday.

Mr. and Mrs. Robert Illing, Sr. of Chicago were callers at the Frank Meyer home, N. Evergreen avenue, Tuesday evening.

Spending a month with her daughter and son-in-law, Mr. and Mrs. Joe Morici, is Mrs. Evelyn McLoon of New Brunswick, Canada.

Albert Horcher is enjoying a two weeks vacation from his job with Maine Township high school in Des Plaines.

Given stork shower

The ladies of the Arlington Heights Estates Thimble club surprised Mrs. Russell Anderson with a stork shower at the home of Mrs. George Turba, Noyes street, last Thursday. Streamers of pink and blue decorated the table, as well as place cards in the form of baby shoes, which were filled with nuts, and the centerpiece being a large shoe filled with assorted snapdragons. After the presents for the baby-to-be and Mrs. Anderson were opened the two hostesses, Mrs. Turba and Mrs. Wm. Diehl, assisted by Mesdames Homstock, Weber, and Koepke, served a fine two course luncheon.

Missing from the group at this happy affair was Mrs. Curtis Brady, who is quite ill in the St. Joseph hospital in Elgin. All the ladies hope she will soon be back home, well, and in her place in the thimble club, of which she is one of the oldest members.

Sunday Mr. and Mrs. V. L. Folkman and children, and Mrs. R. J. Rizzi motored to Kenosha, Wisconsin to visit the Willem and Mangel families. Sally Willem returned home with them to spend her vacation here.

Available At Last DRAIN-O-MATIC The ORIGINAL Food Waste Eliminator

Since the beginning of time there has always been garbage and till the end of time there will always be garbage.

However, today garbage can be eliminated with the original DRAIN-O-MATIC, which is electrically operated. This action eliminates odor, filth, and possibility of disease.

The DRAIN-O-MATIC has a wide-mouthed drain which fits into most any kitchen sink, and takes bones, corn husks, broken glass, etc. in its stride. Its self-cleansing action keeps drains cleaner than ordinary drains.

For demonstration or further information phone or write AT ONCE.

Mr. and Mrs. Walter Duenn tended the wedding Saturday evening, August 2, of Mrs. Jenn's sister, Miss Grace, to Mr. Eugene Fischer of Marshfield, Wis. The bride is a former resident of Arlington Heights and graduated from the high school. The groom attended Western Union College at Mars, Iowa last year, where they both will resume studies this fall.

All Rural Young people of north Cook County are invited to attend the lawn party to be held on the lawn of the Harold Bergman home, Algonquin road, 1 block west of Elm road Friday night, August 8th, at 8:00 p.m. All Rural Youth members are invited to be present for an evening of fun.

At a party last Saturday evening, Mr. and Mrs. Edward T. Cherwin of Skarsdale, Arlington Heights, announced the engagement and approaching marriage of their daughter, Vivian, to Mr. Frank E. Bowles Jr. of Louisville, Kentucky. The wedding will take place Saturday, September 6, at the Irving Park Lutheran church in Chicago.

Honored at bridal shower
Miss Margaret Windheim, of Arlington Heights, who will become the bride of Arthur Oswald of Chicago August 16, was honored recently with two bridal showers. The first shower was given by Mrs. Emil Hogay, with 16 guests attending. Lovely decorations prevailed, and airplane buncos was played after the gifts were opened. A tempting luncheon completed the evening. The second shower was given by Neda Studdmann and was attended by members of Miss Windheim's bridge club.

Rehearsal dinner given for Rottner-Johnson wedding party
Complimenting members of the wedding party of Miss Babette Rottner of Nuernberg, Germany and Leonard Johnson, Jr., of Mt. Prospect, Mesdames Charles Crysler and Ray Salzman entertained Thursday evening, July 31st at the home of Mrs. Crysler.

The bride elect's table was laid in a Venetian lace cloth, entered with an arrangement of white candles surrounded by ivy and gardenia corsages which later were presented to Miss Rottner and other members of the wedding party. Other quartet tables were laid in white and silver cloths centered with crystal bowls containing red roses. Places were marked for the guests with place cards in the bridal theme. Miss Rottner wore navy blue with white accessories. Out of town guests were Mr. and Mrs. Ernst Rottner, uncle and aunt of the bride elect and their two sons from Buffalo, N. Y.

Style show and luncheon

A style show and dessert luncheon, sponsored by the Martha Circle of the Arlington Heights St. John Ev. and Reformed church, will be held Wednesday, August 20, at 1:30 p.m. at the field house. The style show will be given through the courtesy of the Emerald shop. Tickets for this affair may be purchased from Mrs. William Bleile, chairman. Phone Arlington Heights 450. All women are most cordially invited.

Stork Feathers

Mr. and Mrs. Willis Wille of Railroad Ave. Mount Prospect proudly announce the arrival of Diana Lynn, who was born July 29 at Elmhurst hospital. She tipped the scales at 8 pounds 10 ounces. Diana's mother is the former Delores Stanke of Des Plaines. Anxiously awaiting her arrival home is her daddy and grandmother, Lillian Stanke.

Valerie Jean Pierce, born July 21 at the Passavant hospital, is now at home with her proud parents, Mr. and Mrs. John H. Pierce, 700 Park Street, Arlington Heights. Her brother, Jeffrey, was at home to greet her.

Mr. and Mrs. Carl Huber of Arlington Heights have added another daughter to the family the past week. She has been named Bette Jane. Bette was born at the St. Francis hospital in Evanston and tipped the scales at 5 pounds, 15 ounces. She has three sisters at home.

When Ray Geimer, Dundee road, received word Sunday that he was the father of a baby girl born at St. Theresa hospital, Waukegan, he became so excited he could not remember the telephone number of the baby's uncle Norbert Raupp, who lives in Arlington Heights and did not realize he had only to open the phone book to find out. He drove the four miles to Heights to deliver the important message to his wife's brother.

The young lady weighs 7 lbs. 13 oz. and has been named Kathleen Ann.

To combine picnic with concert at Ravinia

The Women's Association of the Arlington Heights Presbyterian Church will sponsor a picnic for their families at Ravinia Thursday, August 7. Bring your picnic lunch basket and remain for the concert at 8:30. The concert is a very interesting one in charge of the San Francisco director, Pierre Monteaux. Admission fee \$1.25. All interested will meet at the Petunia bed, Ravinia Park, at 6:30. Route: Dundee road to Green Bay road; Green Bay road to Ravinia Park. Those planning to attend should leave Arlington at 6.

Club calendar

August —
7—St. Peter Lutheran Ladies Aid will meet at the Parish house.
7—Woman's Ass'n of the Presbyterian church will have family picnic at Ravinia Park. See details elsewhere in paper.
20—Dessert luncheon and style show sponsored by Martha Circle of St. John's church at field house, 1:30 p.m. Style show through courtesy of Emerald shop.
26—St. James Catholic Woman's Guild regular monthly meeting.
28—OES Stated meeting and initiation.

You can't match the "heart" of
BIG-CAR QUALITY AT LOWEST COST

World's Champion
Valve-in-Head
Design!

The new Chevrolet is the lowest-priced car with a Valve-in-Head Engine—type of car engine which holds all records for efficiency—for giving maximum power from every ounce of fuel. Cheaper, Chevrolet's Valve-in-Head Engine is the "champion of champions" on all these counts: (1) Valve-in-Head performance at lowest prices; (2) billions of miles of service to owners; and (3) number of owners served. In fact, this sturdy Chevrolet Valve-in-Head Engine has delivered more miles, for more owners, over a longer period, than any other automotive engine built today, regardless of type, size or price!

You can't match Chevrolet's BIG-CAR COMFORT at lowest cost, either—the outstanding comfort of its Knee-Action Gliding Ride—for this, too, is exclusive to Chevrolet in its price range.

Be wise! Keep your present car in good running condition by bringing it to us for skilled service, now and at regular intervals, until you secure delivery of your new Chevrolet. Come in—today!

Arlington summer band concert at Prospect Heights

The Arlington Heights township high school band will make its first public appearance in Prospect Heights Thursday evening August 7. They will provide a one hour concert, arranged by director F. C. Schmoyer, under the sponsorship of the Prospect Heights Lions club.

The concert will be given at the business block beginning at 8:00 o'clock. Seats will be provided for as many of the audience as possible.

Director F. C. Schmoyer has trained a fine group of boys and girls into a splendid well-disciplined musical organization consisting of 30 members. The one hour concert will give residents a chance to see and hear one of the many opportunities offered high school students to engage in worthwhile group activities.

It is hoped that the entire community will turn out to enjoy this hour of fine band music, and to show the boys and girls that parents and residents really appreciate their efforts.

Mt. Prospect girl twirler competes for music festival

Charlene Hagberg, 219 Hi-Lusi ave., Mt. Prospect, is among approximately 300 baton twirlers competing this year in the 18th annual Chicagoland Music Festival, sponsored by Chicago Tribune Charities, Inc. If she wins in the finals at Soldiers' Field on Aug. 16, she will appear before an audience of more than 95,000 at the Festival concert there that night.

Featured on the evening's program, announced by Philip Maxwell, director and commentator of the Festival, will be Marion Caire, prima donna of the Chicago Theatre of the Air, and James Melton, Metropolitan Opera tenor. Another highlight will be a 25-minute presentation of hit tunes from "Carousel" by the cast of that Theatre Guild musical play now at the Shubert theatre.

A dream come true for local housewives

Housewives who have been dreaming about automatic garbage disposal can now have the reality, in the Drain O Matic food waste eliminator.

This unit can be installed in any kitchen sink in the course of an hour's time, saving the housewife the normal difficulties of the disposal of garbage in any form.

An announcement by the distributors can be found on page 4 of this issue.

Milburn Bros. get contract for paving Lake-Cook in Barrington

Milburn Bros., Mt. Prospect was given the contract this week for paving Lake-Cook road, from Northwest Highway to Eastern Ave., Barrington. Their original bid of \$35,000 was reduced to \$33,487 in order to come below the maximum at which the state highway department will approve contracts to be paid from gas tax funds.

JOIN THE NATIONAL HIGHWAY SAFETY DRIVE USE CAUTION IN YOUR DRIVING

can be FATAL!

12,200 pedestrians were killed by automobiles last year—1,340 more than the year before. Two out of every three violated traffic laws or committed unsafe acts which contributed to their deaths.

And believe it or not—many of these fatal accidents actually happened less than six feet from the curb—only a step or two from safety!

Between intersection accidents accounted for more than one-third of all pedestrian fatalities last year. These victims carelessly rushed out from behind parked cars, or simply jaywalked themselves into traffic—and death. Others even ignored the safety of lights and traffic officers at intersections to save a few seconds—and lost their lives.

Never take safety for granted. Cross at intersections within the crosswalks. Wait for the light or the policeman's whistle. Be alert for the inconsiderate driver making a right turn, or the reckless one beating a light. On open highways, allow for the speed of approaching cars. Walk to the left, facing traffic.

Whenever you cross, look both ways. One step can be fatal!

LIGHTS TO BE READY FOR ARLINGTON FOOTBALL

Cards to have new uniforms for first game

The Arlington Heights Board of Education let a contract to the H & H Electric Company for the construction of lighting for the Arlington Heights township high school athletic field. Construction has begun and completion is expected within thirty days.

Due to a shortage of material several plans were considered, and finally the board agreed to let the contract which includes seventy foot wooden poles with eight lights of 1500 watts capacity on each pole. This will make a total of eighty reflectors in the field and will be one of the best lighted fields in this area.

THE POLES being treated with new type material, will have life quality almost that of steel. A construction crew began work Tuesday morning, August 8.

Negotiations are in progress for erection of a supply of teachers. The 1947 football team will appear in new uniforms as well as complete new equipment. Delivery of the order for uniforms was given last spring on the promise that they would be ready for school opening.

The school band is going to be equally as fortunate as they will also have new uniforms.

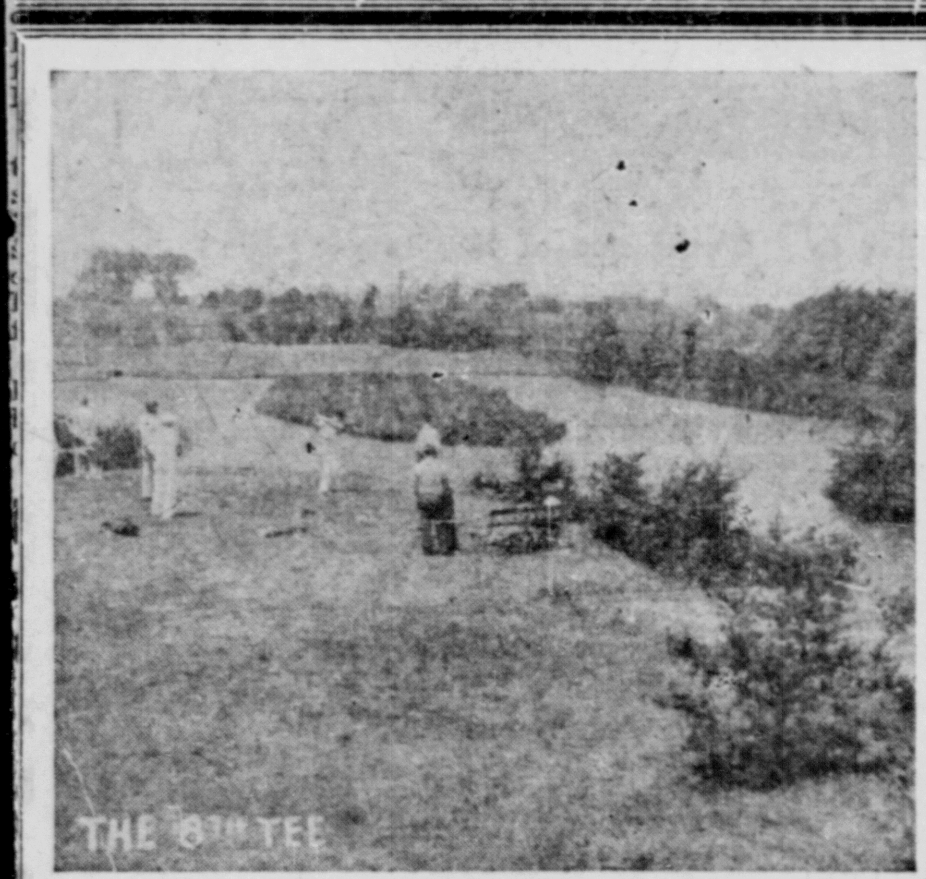

Eddies holds lead in Rob Roy league

A total of 36 players played in the handicap tournament on Sunday, August 3rd. First place went to Dick Batterman with a total of 27 holes of 121-18 handicap—103. A scratch player, Earl Stephens, won second place with 105. Third place, Al De Smet, 112-6—Net 106. Tied for fourth place were D. Barton, Len Arnold and Bob Glaub with net 117. A total of nineteen prizes were awarded.

"With this day of golf" past story plans are now being made for the husband and wife two for foursome for August 17, 1947. After early.

Softball tourney at Libertyville in September

PADDOCK PUBLICATIONS SPORTS

Friday, August 8, 1947 Page Seven

Redwings draw bye in annual tourney; intracub game Sunday

Twenty-one Midwest League Semi-pro baseball teams, 10 traveling clubs and 11 home teams, have entered the championship tournament play which gets under way Sunday. Because there is one more home team than travelers, one home club was eligible for a bye. The Arlington Redwings drew the bye and automatically go into the second round a week from Sunday.

A very unusual game will therefore be presented by the Sunday. Manager Ed Wahl is dividing the Redwing squad into two teams and a regulation game will be played. The line ups will be:

Redwings	Cardinals
Bacheson, p	Schultz, p
Vrba, Sr., c	Mahn, c
Simpson, 1b	A. Stroker, 1b
Kirchhoff, 2b	Wahl, 2b
Peeters, ss	Lindenberg, ss
E. Rosek, 3b	Schiewe, 3b
Groh, cf	G. Stroker, cf
Esp, lf	Ganshirt, lf
H. Rosek, rf	Vrba, Jr., rf

The question often comes up as to how well the Redwings would hit their own pitching, or could the Redwings pitchers subdue the bats of their teammates. Those questions will be answered Sunday. All the players, with exception of Scheifer who is out of town, will be in action in this novel affair which might turn into a blue ribbon classic.

Manager Wahl is designating the two catchers, Mahn and Vrba, as managers of the two squads. They will arrange their own batting line up and have full command over their squad. Immediately prior to the game a toss of the coin will determine which squad will be designated as the visiting club and the home team.

By giving every player a chance to participate in a game which will be the final tune up for the local club's start in the tournament, the entire squad should be put on edge for launching a prolonged winning streak.

ment in any elimination tournament.

Redwings lost Sunday afternoon to St. Joe's nine of North Chicago, 7-4, in a hard fought contest. (Ed: Further details of this game were missing from our records.)

Swim pool races at Arlington set August 15

Need swimmers to complete rolls for many races

The program for the 15th of August at the Arlington Heights recreation park pool will be a combination of swimming and diving events along with ballet exhibits between races.

The date for this event has been finally set for August 15th, because of the facilities being available on Friday and less on Saturday.

Again pool officials are advising all youngsters to sign up as soon as possible for the races and diving.

THE RESPONSE has been medrore and more swimmers are needed in order to justify all the races.

All free swimming lessons in the afternoon and all free diving lessons at 2:30 will end Wednesday August 13th. This free lesson program has been going on for the last 6 weeks and all those who have signed for the lessons should enter the swim or diving contest August 15.

THE ATTENDANCE for one day total reached the peak for the season with 1100 in the pool.

7 teams fight for lead in Heights golf

With four weeks of play left, the Arlington Heights Twilight Golf League lead is a toss-up with seven teams in a contending position. Last week Sietarg Drug took a drubbing from Eagan's Restaurant, and Eddie's Liqors closed in on the top spot. These final weeks should see the best finish in the league's history.

Chuck Kleinofen again had the best gross score with a 35. Park Allen, Tony Koske, and Ken Arnold tied for low net with scores of 32.

The league is having their first annual dance at the Mt. Prospect Country club on Saturday, August 23rd at 9 p.m. We invite our friends to help us have a grand time. Music will be furnished by Earl Friedrichs band.

Team standings are as follows:
Sieburg Drug Co. 59 1/2
Eddie's Liqors 55
Eagan's Restaurant 54
Arlington Bowling Lanes 53
Arlington Nat'l Bank 53
Drewes Electric Co. 51
Dunteman Dairy 50
Park Lane Laundry 45
Arlington Athletic Ass'n 41 1/2
Voss Delicatessen 41
Mar Johnson 36
Schiller Carpet Company 35

Farm Motor Market
The farm's farmers are in the market for four million electric motors, farm electrification officials estimate.

select the champion golfer of the younger than 21 year old group will be held.

Wheeling Cardinals defeat Lake Zurich

Red Blue played his first game with the Wheeling Cardinals, and pitched himself a nice four hit game, to make it his first win. It was a one hit game, until the sixth inning, when the opposing team made 3 hits and 2 runs to lead 3-2. The Cardinals came thru in the last half of the seventh to score 2 runs on hits by E. Gleuk, E. Welflin and D. Welflin and to win the game 4-3.

Sunday, August 10 they meet their bitter rivals, Diamond Lake, for the second time. These two teams give you an exciting game every time. Starting time will be 9 p.m. Red Blue will be on the mound for Wheeling, looking for his second win, and Ted Scanlon will be catching. Manager W. Scanlon is ready to book games with some of the better ball clubs. Call Wheeling 52-W after 6:30 p.m. or 41 during the day.

Eye Protected
The human eye is well protected. It lies in a socket of bone on a cushion of fat, points out the Better Vision Institute. The brows, nose and cheekbone also protect the eyes.

Former A&M cage star, nat'l champs, coach at Heights

Mr. Leo E. Bell has accepted a position in the Arlington Heights Township high school as basketball coach for the school year 1947-48. Mr. Bell is a graduate of Oklahoma A. & M. with the class of 1946. He formerly coached the freshman squad at Oklahoma A. & M. and coached basketball one season at Southwestern College, Winfield, Kansas. Mr. Bell served in the armed forces for four years, one of which he was assigned to basketball coaching. He was a member of the team who were national champions in 1945-46 in Madison Square Garden.

Mr. Bell is married. Mr. Iba, the retiring coach, recommended Mr. Bell.

Body Weight in Water
About two-thirds, or nearly 70 percent, of the weight of the animal body consists of water.

How golf came to be 18 holes

"Do you know how a golf game came to be 18 holes? At one time anything from 7 to 25 holes were set out. After a full day's discussion at a meeting to settle the question, one member proposed his method for determining the length be adopted: when he started a game he took along a bottle to keep the chilly weather from bothering him. At each hole he'd drink an ounce-and-a-half glassful of the bottle's contents. The bottle saw him safely through an 18 hole game, and he felt if he played any longer, his health would be endangered for lack of proper medication. So 18 holes was made the official length of the course.

If you're driving an old car this summer...

Be sure
Be safe

If you're driving an old car, be sure it's ready for summer motoring. Bring it in now and at regular intervals, so our service department can give it a complete check-up.

You can help assure yourself of a safe car, too, because we have scientific testing apparatus to make certain that your brakes are operating dependably... that your lights are focused properly... that your wheels are aligned, and that your steering mechanism is in good order.

You'll be pleased with our friendly, courteous service, just as so many thousands of other motorists have been satisfied with Chevrolet service. You'll enjoy the new dependability that comes from expert mechanical work, and the satisfaction of knowing that whenever replacements are necessary we replace only with genuine Chevrolet parts.

Yes, see us for all-round service satisfaction. We'll put new life in your old car!

These are the services your car NEEDS for efficient, dependable summer driving!

- Oil change and lubrication
 - Brakes adjusted
 - Flush and change rear axle and transmission
 - Clean air cleaner
 - Adjust carburetor
- Drive in today for prompt, efficient service!

Midget racing

A crack field of midget racing drivers, including the leading pilots in the country, will seek cash and laurels at Aurora Downs Saturday night. Included will be Eddie Haddad of Los Angeles, who captured the 15-lap feature last week, Bob Muhle, who finished second, Rex Easton of Springfield and Ronnie Householder.

Motorcycle racing, one of the most dangerous of all sports will be presented Sunday at Aurora Downs, where the wide track and banked turns make it ideal for speed. There will be no admission to the time trials, which start at 9:30 in the morning.

The afternoon program, consisting of a 10-mile feature, six three-mile sprints and five and eight mile features, will start at 2:30 o'clock.

Honor St. Mary's priest for 50 years service

Plans have been completed by St. Mary's parish of Des Plaines to celebrate the golden jubilee of the ordination of its pastor, Rev. John Linden, on Sunday, August 10.

A solemn high mass will be celebrated to commemorate the occasion. His Eminence, Samuel Cardinal Stritch, and other prominent members of the hierarchy will lend dignity to the occasion by their participation.

A breakfast for the attending clergy will be served in the parish rectory following the solemn high mass. A reception is planned for the evening, between 7:00 and 10:00 p.m., in St. Mary's school hall for parishioners and friends of the jubilarian.

FATHER LINDEN

ned for the evening, between 7:00 and 10:00 p.m., in St. Mary's school hall for parishioners and friends of the jubilarian.

A jubilee souvenir book, depicting the outstanding events of five decades of priestly service and containing the felicitations of a multitude of well-wishers, is in process of publication.

Father Linden was born on the near southwest side of Chicago in 1872. His formative years were spent in St. Francis parish and as a pupil of its parochial school.

He subsequently matriculated at and was graduated from St. Patrick's high school in Chicago. His entrance into the religious state began at St. Francis Seminary, Milwaukee. Further theological studies took him to Duquesne, Iowa and finally to Innsbruck, Austria where the final years of preparation for the priesthood were rewarded by the sublime dignity of ordination as a priest in 1897.

Father Linden's initial assignment as Chaplain of Feehanville, subsequently redesignated as St. Mary's Training School, was dear to his heart. His labors among the youths of Feehanville were fruitful both in the education of his charges and in the richness of his own personal satisfaction.

The suburban northwest of Chicagoland was comparatively sparsely settled at the turn of the century and priests were few, so Father Linden assumed the pastorate of the mission territory extending from Edison Park to Arlington Heights in addition to his post at Feehanville. The rigors of ministering to the spiritual needs of so large a territory sorely taxed the physical capacity of the young priest. Inadequate transportation of that period was a major handicap and milk trains, horse and buggy and even railroad hand-car were utilized to administer this far-flung territory.

In 1906, Archbishop Quigley constituted the territory of Des Plaines as a parish and appointed Rev. John Linden as pastor. Before the end of the following year a church had been constructed and dedicated. Urban development progressed steadily and by 1924 the need of a parish school resulted in the erection of the present parochial school. Busy, fruitful years followed and successive programs for rectory, convent and school

Bensenville pigeons take top three places

The race last Sunday from Sterling, a distance of one hundred miles, took a little longer than usual. The torrid weather was good enough reason for the slow speed. Beside the heat the birds could complain that it was their first time out this year.

A. Paznecki and Son of Bensenville pulled a grand slam and won first, second and third places. J. Hermank of Elmhurst clocked the fourth bird and R. Siof of Lombard took fifth place honors. Complete results were as follows:

A. Paznecki, Bensenville, 983.67
A. Paznecki, Bensenville, 983.27
A. Paznecki, Bensenville, 980.65
J. Hermank, Elmhurst, 961.50
R. Siof, Lombard, 938.29
J. Mina, Villa Park, 936.20
L. Schindler, Warrenville, 921.84
I. Clarke, Glen Ellyn, 917.82
H. Thotz, Wheaton, 903.78
Hebel & Snyder, Lombard, 896.88

R. Zimmerman, Elmhurst, 880.06
A. Stehle, Bensenville, 871.43
F. Hansen, Winfield, 860.75
F. O'Regan, Elmhurst, 860.23
C. Maurer, Glen Ellyn, 852.19

Melodrama at Lake Zurich playhouse

The new Lake Zurich Playhouse will present "Ten Nights in a Barroom," August 7th thru 10th, evenings at 8:45.

This play is comparable to "East Lynne" of last year which received such favorable comment from the press. In the leading role of the drunken father will be William J. Harahan, whose performance in "East Lynne" was a highlight of the 1946 season. The villain who has done him dirt will be Joe J. Scolaro. Also in the cast will be Geraldine Page, Walter Beakel, Bob Anglund, and John Weyer.

The show is directed by Bella D. Itkin, whose experienced hand has made the season at the Playhouse a successful one.

"The Show-off" will be presented next at the Playhouse, playing Thursday thru Sunday, August 14th to 17th. Tickets should be reserved in advance by writing The New Lake Zurich Playhouse, or by phoning L. Z. 4441.

Bookie wires escape blaze at Des Plaines Tavern

Last week Thursday there occurred at the Fox and Hounds tavern, northwest corner of Rand and River roads, a fire that completely gutted the tavern and burned away the superstructure, causing an estimated \$25,000 damage.

The blaze started at the east end of the tavern and spread westward.

The flame shot from section to section of the building and hoses were connected to two hydrants at Rand near Grace-land and on Mannheim road.

After the blaze was gotten under control, firemen entered the building, and one of them used an ax on a door leading to building and found that the door was steel. Entrance to that sector was made later, and the ticker tape equipment (Western Union) and other paraphanelia used by race track bookies was undamaged.

Constitution Signers

Representatives from 12 of the original 13 states signed the Constitution. There were no signers from the state of Rhode Island.

construction and expansion attended the parish growth.

Today, one half century of service to parish and community is evidenced by a modern parish plant which adequately serves the spiritual and social requirements of some eleven hundred families. More satisfying still, these fifty years have brought to Father Linden a treasured memory of his most valuable contribution to church and country—legions of children instructed, characters molded, marriages blessed and men and women whom he taught to live in the favor of God and man.

WATER SPRINKLES

Proposed use of modern street sprinklers in towns of Afghanistan has almost led to revolutions on a number of occasions, according to the World Book Encyclopedia. Water carriers sprinkle the streets from huge goat-skin bags. Threats of revolution have followed attempts to put in wagon sprinklers because of the great number of water carriers whose jobs would be destroyed by such equipment.

LONGEST LAKE

The longest lake in the world is Lake Tanganyika in east-central Africa. It is more than 450 miles long and very deep, but its widest part is only 45 miles, says the World Book Encyclopedia.

EMELIA WENDELL

The estate of the late Mrs. Emelia Wendell, of Wilmette, who died intestate June 4, leaving \$13,500, has been opened in probate court. She left ten sons and daughters to share her estate. A daughter, Inez Alfors, lives at the Barrington Hills country club, Barrington.

LOUIS BRANDT

Louis C. Brandt, of Glenview, died intestate July 5, leaving \$2,000 in personal property. His heir in his son Ernest J. Brandt, of Northbrook who was appointed administrator of the estate.

MARGARETH WEILAND

Mrs. Margaretha Weiland, who died in Chicago July 8, left an estimated \$41,000 estate. She willed it equally to her daughters, one being Mrs. Esther Krupka, of Skokie. George F. Krupka, Skokie, was named executor of the will.

Child killed when run over by tractor

Funeral services were held Wednesday afternoon from the family residence for William Fergus, 5, who was fatally injured Sunday evening. The child was run over by a tractor at Arlington Farms, Buckley rd., about 6:30 o'clock and died three hours later at Condell Memorial hospital.

William was the son of Mr. and Mrs. William Dodd Fergus

who reside on Arlington Farms. The child and Catherine Wak- en, 4, daughter of family friends, had been playing near a barn on the farm. It is believed that the two had gotten on the tractor which was in the barn with the ignition keys in the switch. The starter on the floor of the tractor was stepped on and as it was in reverse gear it backed out of the barn. Presumably William fell off

and the tractor ran over him. No one saw the accident except Katherine and she may have gotten off before it started, or jumped off when it began moving. The tractor ran into a fence and a farm tenant was called to turn off the motor.

Dirt in Rain

Every raindrop is formed around a particle of dirt, dust or other foreign substance.

No. Carolina

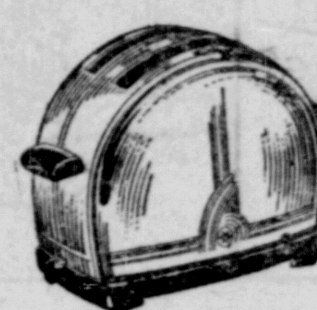

Pfc. Arvid Carlson of Arlington Heights arrived home last week from Ft. Bragg, North Carolina for a 14 day furlough. He is spending the time with his parents, Mr. and Mrs. A. G. Carlson.

Tip from the Smart Sex

Who is it that's first to spot — and quickest to go for — a really fresh new fashion idea when it comes along?

The ladies, of course!

And who is it that, according to careful surveys, put Buick far ahead of its price class and up among the lowest-priced three when they name the car of their innermost choice?

The fair sex — but naturally!

And who is it, when you come right down to it, that gets the most practical use from enough stirring Fireball power to handle the day's travel-jobs without strain and struggle?

Who relishes most the restful ease of wide, cushiony seats, and the blissful gentleness of all-coil springs that make rough roads well-mannered and good roads glass-smooth?

Who goes for a car big enough to be company-minded — yet light

and easy enough in handling to park without a tussle, and flit shadow-light through market-hour traffic?

Who, good friends, has the family's smartest eye-for-a-buy — the shrewdest size-up of what's really good?

No one but the Lady of the Household!

So we toss out this thought to you men-folks:

Chances are that you've been hankering for the kind of thrill that lurks in this great-hearted, great-powered beauty.

You'd sort of like to get your hands on a car as big and mighty as this — if you thought the better half could be sold on it.

Take our tip — she's already sold. Favored as it is by red-blooded males, no Buick we've ever offered has won the smart sex quite like this one.

So why not pull a pleasant surprise some evening soon? Just come home and say, "Well, I placed an order for a Buick today. They're taking 'em with or without a car to trade."

Then watch her fall all over your neck!

ONLY BUICK HAS ALL THESE STAR FEATURES

- * AIRFOIL FENDERS * FIREBALL POWER
- * ACCURATE CYLINDER BORING

Babette Rottner and Leonard Johnson marry

Friday evening in a candlelight service at the South Church, Mt. Prospect, Miss Babette Rottner, daughter of Mrs. Johanna Rottner, Nuernberg, Germany, became the bride of Leonard George Johnson, Jr., son of Mr. and Mrs. G. Johnson, Sr., of Mt. Prospect. The choir loft of the church was banked with palms and ferns and baskets of white gladioli and carnations.

"I Love Thee" was sung by Mrs. Donald Hamburg, William Fevre sang "The Lord's Prayer," and Mrs. Hamburg and Mr. Fevre then sang "Ave Maria" a duet. They were accompanied at the organ by Mrs. Robert Brandow.

Mr. Ernst Rottner of Buffalo, New York, uncle of the bride, gave her in marriage. Her bridal gown was made of white evergreen chintz, styled with bertha collar, net yoke, having seed pearl trim, and a full skirt. The fusion veil was held in place by a coronet of seed pearls. She carried a bouquet of gardenias and stephanotis, intermingled with leaves of ivy.

The groom's sister, Miss Jacqueline Johnson, served as maid of honor. She wore a princess style dress of deep blue slipper satin and carried a cascade of red roses and ivy, with a crown of red roses in her hair.

Attending the bridegroom as best man was Charles F. Hamburg, and ushers were Robert Salzman, Herbert Winn of Mt. Prospect, and Jack Campbell of Oak Park. They all wore summer formal and had red rose boutonnieres, the groom's being a white carnation.

A reception followed the ceremony and was held in the Fellowship room of the South church. About 150 guests were present. Mr. and Mrs. Johnson are on a week's honeymoon at Lake Geneva, Wisconsin, and upon their return they will reside with Mr. Johnson's parents for the present.

Most Telephones
The United States has about 58 per cent of the telephones in the world.

It Happened Here

No doubt we were always hungry as school children traditionally and we had the incorrigible curiosity of youth; whatever the reason, we must have sampled, in our callow youth, all likely and unlikely edibles of woods, pasture, lanes and railroad right of way. We chewed the gum of the prairie gum weed, tricky stuff unless dead ripe, but with a flavor Wrigley couldn't emulate; we ate the sour wood sorrel, chewed slippery elm bark, ate pig nuts and regretted it, lunched on toadstools and survived, tho we cannot think why; we savored the pennyroyal which grew where only we could find it, ate May apples and pawpaws, not caring much for either, but why not eat them? We liked the husked ground cherry but our taste was not catholic enough to include the osage orange, and the deadly nightshade had poison lables all over it. Did you ever lick the sumac's ripe, red cone of fruit, so tart and so pleasing? We were the king's taster, if we ate and survived, let him try it.

—S'AMUSER

LICKING GOOD

The revenues of the U. S. post office for the fiscal year 1946 amounted to about \$1,224,572,170, according to the Encyclopaedia Britannica 1947 Book of the Year.

Wedding Cakes

The wedding cake had its origin in Roman times when the bride and bridegroom together ate a cake made of salt, water and flour, according to Encyclopaedia Britannica. The cake has become more and more elaborate through the ages, culminating in the high-tiered pastry of today.

Lydia Behrens and Ted Ruopp are married

Miss Lydia Behrens, daughter of Mr. and Mrs. Gustav Behrens of Arlington Heights was united in holy wedlock on August 2 to Mr. Theodore G. Ruopp of Lafayette, Indiana, son of Mr. and Mrs. George Ruopp of Danbury, Conn. The ceremony was performed in the garden at the home of the bride's parents, by Rev. Channing E. Miller of Christ Ev. Lutheran church, Gordonville, Mo., brother in law of the bride. The couple repeated their vows under an arched trellis of garden flowers and wedding bells.

As the processional hymn, "Take Thou My Hands and Lead Me," was being sung the bride marched down the aisle on the arm of the groom. Rev. Miller gave an appropriate address based on the text: "But as for me and my house we will serve the Lord." Joshua 24-15. During the ceremony the soloist, Arthur Schiefelbein, friend of the bride's family, sang "The Lord's Prayer."

The bride was attired in a dress of white mousseline de soie and a finger tip veil. She carried a garland of feather white carnations on a white testament.

Miss Elvira Behrens attended her sister as maid of honor, and

Your floors are the most important single item to consider when de- corating your house. Fresh paint and fine furnishings are wasted on worn out floors.

Floor finishing is not a dirty job when done by good mechanics. We make old dingy floors as smooth and beautiful as new. It is less expensive per room than other decorating. For an estimate to- day without obligation, Call

Presenting the younger generation

Although this hot weather may cause interest to lag in

many subjects, the interest shown in the younger generation mounts. This shows the universal appeal of youth with all its smiles and joys.

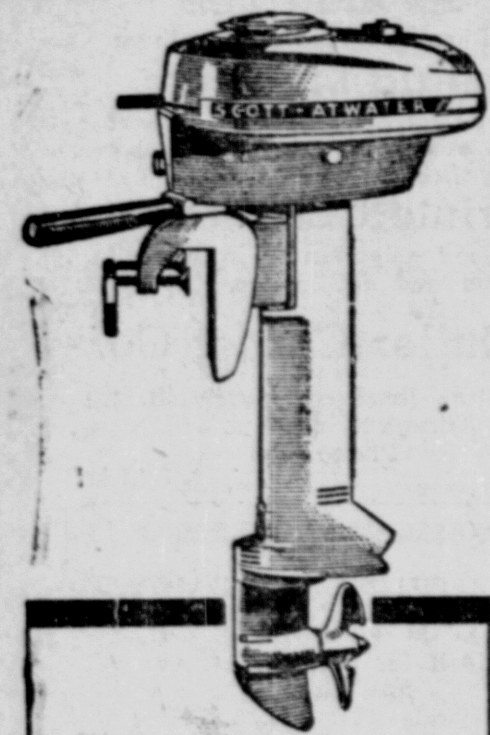

The first of the happy quartet this week is Clifford Allen Steif, three year old son of Mr. and Mrs. H. V. Steif of 45 S. Bothwell, Palatine. As plainly can be seen his hair is blond. His eyes are hazel.

Though he's just a little shaver, 4 months old William Fildfield Jr. is full of life and enjoying the world around him. Those sunny eyes are blue. That fluffy

hair is sandy colored. His proud parents are Mr. and Mrs. William Fildfield of 445 S. State rd., Arlington Heights.

Mt. Prospect is lucky to have the smiling face of James Michael Henry, 7 months old son of Mr. and Mrs. J. H. Henry. His hair is brown and those laughing eyes are blue.

The charming young miss on the far left with the blonde hair and blue eyes is Carol Lynn Andrick, daughter of Mr. and Mrs. E. E. Andrick, 110 E. McDonald rd., Prospect Heights. She is 20 months old.

It's here!

YES... the Scott-Atwater, tomorrow's outboard motor, is here on display today! Now you can examine this sensational new outboard motor... new in engineering, new in design, new in performance. Four sleek Scott-Atwater models... Standard and Deluxe single (3.5 h.p. at 4,000 r.p.m., OBC certified) and a Standard and Deluxe Alternate Firing Twin. See the new Scott-Atwater Outboard Motor today!

RAMBLE INN

'N OUTINGS

BILL NORTH

Thanks to Mr. and Mrs. Campbell, our new Y. C. directors and the adult committee and Mrs. Kenneth W. Kennedy in addition to Wally Luettichwager, Barbara Tichy, and Joan Unger the second great Ramble Inn lake cruise is set for Tuesday, August 19.

The cruise will be aboard the Cleveland and Buffalo steamship company's City of Grand Rapids, a luxury liner equipped with dancing facilities, games and other amusements. Geisen buses will leave the field house at 8 p.m. for the Michigan avenue

bridge where the boat leaves. Tickets will cost \$1.70 which includes bus fare to and from the boat. The total cost is five cents below what the ordinary price of just the cruise would be. The saving is close to a dollar a ride. However, the number of tickets is limited. We could only obtain a small block of tickets and there for it is important that all intending to go reserve them well in advance.

This is one of the biggest events of the current Y. C. season and its success depends upon how you react. If you want more activities of this sort make sure every ticket is sold pre-

vious to the 19th. You don't have to be a member of Ramble Inn to go. Eighth graders and high school students who are not yet members are invited also.

Lets all get out and make this the biggest event in our Youth Center's history a truly historic turnout.

If your down in spirit
If you want to cheer it
Want to drive away the blues
Do not waste a minute
Go right out, get in it
The great Y. C. lake cruise
This is one thing you won't want to miss

The music, fun and moon is nothing short of bliss. So if you've heard and know it Get right in and show it At the Ramble Inn lake cruise.

Corinne Mc Carthy and Don Winkelmann wed

Amidst an elaborate floral setting of palms and baskets of white gladioli, pom poms, and stephanotis Miss Corinne Mc Carthy, of Arlington Heights, daughter of Mrs. William Fraser and Mr. J. C. Mc Carthy, became the bride of Mr. Donald Winkelmann, son of Mr. and Mrs. Clarence Winkelmann of Mt. Prospect. The wedding was held at 7:30 Saturday evening at the Mt. Prospect Lutheran church and the couple repeated the solemn vows of marriage after Rev. J. E. A. Mueller.

During the ceremony Miss Ruth Studtmann sang "Because" and "The Lord's Prayer," accompanied by Elmer Jackisch at the organ.

A gown of white satin and tulle was worn by the bride, who was given in marriage by her father. The dress was fashioned with bloused bodice, having high neckline and cap sleeves edged with pearls, and full skirt ending in a short train. She wore matching long satin mitts that were edged in pearls and her fingertip veil was held in place by a satin cap that was also edged in pearls. Miss Mc Carthy's bridal bouquet was made up of white gladioli, lilies-of-the-valley that had to be flown from Germany, and a white orchid center. Her only jewelry was a strand of pearls around her neck.

Matron of honor was Mrs. Robert L. Busse, who wore a blue tulle gown, styled with fitted bodice, having net yoke and cap sleeves, and full skirt with bustle effect at either side. She wore a matching cap trimmed in back with a net bow, and had matching short mitts. Yellow gladioli, blue daisies and pom poms, tied with a blue bow, made up her bouquet.

Mrs. Edward Crofoot, Ardell Wood, and Donna Lutz were bridesmaids, with Ann Marie Bjornseth as junior bridesmaid, and Suzanne Busse as flower girl. Their gowns were identical to the matron of honor's, except in yellow, the flower girl's being blue, and they carried the same flowers, except that their bouquets were tied with yellow bows.

Best man for the bridegroom was Robert Bruhnke, with Edward Crofoot, Freddie Bierman, and Jim Winkelmann as ushers, and Douglas Winkelmann, brother of the groom, as junior usher. They all wore summer formals and had boutonnières of maroon carnations. The groom had a white carnation boutonniere.

Mrs. Fraser chose to wear a blue crepe dress, with silver accessories for her daughter's wedding, while Mrs. Winkelmann was dressed in dusty rose, with blue accessories. Both had white orchid corsages.

Two hundred guests attended the reception at the Arlington Heights field house, which was

Community Camera also beautifully decorated with flowers, ferns, and palms. The guests enjoyed dancing to Dick Everett's orchestra and later were served a buffet supper. The four tier wedding cake, which was topped with a bowl of dainty white cut flowers, was set in a wreath of fern and gardenias.

Mr. and Mrs. Winkelmann are now on a two week honeymoon in Eagle River, Wisconsin and upon their return they will make their home in Mt. Prospect.

Prior to her wedding Miss Mc Carthy was given two bridal showers. The first was a personal shower given by Mrs. E. W. Crofoot and Mrs. R. L. Busse, to which 30 guests were invited. Miss Ardell Wood gave the second shower.

KEEP OUT
Cold, wind, dust and rain. Make your windows and doors weatherproof with **GUARANTEED METAL WEATHERSTRIPS** and U. S. Govt. Approved **PECORA CAULKING COMPOUND**. Installation guaranteed for the life of the building.

Palatine wins great game

Sunday the Palatine baseball team traveled to Chicago Heights and beat them 1 to 0 in 12 innings. It was a great pitchers battle. Otto Larson of Palatine holding the home team to three scattered hits. Smoke Larson won the hitting honors, getting two doubles and two singles in five times at bat. Todd made two wonderful catches and Gerwig and Nelson did some fine fielding.

Both teams battled along on even terms with few chances to score until first half of the 12th when Sherrett, first up, beat out a bunt. Smoke Larson singled to left, Sherrett holding second. Nelson then singled scoring Sherrett with the winning run. Chicago Heights tried hard to do something in their half, but Larson had their numbers and they went out in 1-2-3 order.

Itasca girls deliver Red Cross supplies

Misses Edna Schuette, Lydia Weber, Grace Lawrence, Ella and Jennette Woodworth of Itasca motored to Elgin Saturday evening and took the completed Red Cross supplies to the Elgin headquarters. There were 27 ambulance pillows filled mostly with snippings made by the little girls.

THE PULSE OF A WATCH

If your watch is running irregularly, doesn't beat 60 to the minute, bring it to our store. No feature of our business is receiving more attention just now than watch repairs.

We also have a fine line of silverware, suitable for wedding or birthday gifts.

The Jeweler
Arlington Heights

Pian bigger fair in 1918

The fourth annual Cook county fair at Palatine is over. Successful as it was it has left behind it a determination on the part of a lot of people to get behind the 1918 fair and boost so hard that it will be still bigger and better than ever. The burden of the 1917 fair fell entirely upon the shoulders of two men, Charles E. Dean and M. I. Aronson. They did it well and the fair was a credit to them and this town.

Thursday was Des Plaines day and the business men and citizens of that place made it their annual outing and came in autos and by train. Their band furnished the music and their ball team played Woodstock, defeating them by a score of 5 to 4.

Palatine day was Friday and on that day the largest number of local people were on the grounds. The home band occupied the musician's stand and the crack Palatine ball team defeated Libertyville by a score of 5 to 4.

The \$1,000 purse for Saturday didn't fill, but a 2:04 pace was given in its place. Large fields started in some of the races, noticeable on Thursday when 11 horses left the wire in the 2:25 trot. Dormis, a two year old driven by Chas. Dean Jr., won the filly race Wednesday and Saturday went an exhibition mile to beat 2:30 1/2, making it in 2:25.

—1917—

Bensenville youth enjoy boat trip

Alwin Mahler, Clara Hann, Ashford Norman, Charlotte Mahler, Harry Franzen and Henrietta Mahler, all of Bensenville, enjoyed a boat trip to Milwaukee recently on the ship "Columbia". They claim there's nothing better than water.

—1917—

Band concerts draw crowds

The free public concerts of the Arlington Heights band draw immense crowds. There were more autos and strangers in town Tuesday night than ever before seen in the evening. The band stand is a credit to the town and especially the donors.

F. Redeker, appreciating the need of lights to read music by, donated a large 100 candle electric light in the center and 8 60 watt lamps around the outer circle so all can see and be seen at night as well as in the day time. John Redeker, the electrician, installed the lights, also a donation.

—1917—

Displays new Arlington fire truck

August Becker, Arlington Heights, brought the new auto fire truck from Kenosha last Friday and exhibited it at the Palatine fair Saturday. It is a 1 1/2 ton Jeffrey equipped with a 40 gallon chemical tank, 2 hand fire extinguishers, a basket with 200 ft. of chemical hose, a 35 ft. extension ladder, a 17 ft. roof ladder, 4 picks, 4 lanterns, capacity for 1500 ft. of standard fire hose of which Arlington has 1200 ft. in good serviceable condition.

It is a handsome substantial machine. The motor has a governor to regulate the speed. It is set at 16 miles an hour which is fast enough for safety, but could be changed to run up to 40 miles speed. Of course it will need care to be always ready for a quick trip in response to any alarm in city or country.

—1917—

COOL, COMFORTABLE OUTING SHOES

In keeping with our custom of handling none but the best, we have just received a new line of Keds, canvas rubber-soled shoes with tops of a specially woven, fine grade of canvas used exclusively in Keds.

Page Thirteen

Tales of the STREET

BY T. C. HART

DOES IT AGAIN

Clyde Moffett has a tree of early peaches that doesn't seem to care whether we have an early spring, a late spring or a normal spring. That tree just goes along about its business and produces early peaches.

Last year Clyde had peaches ripe and ready to eat the latter part of July, and last week he came into the office with the announcement, "Well my peach tree did it again." Sure enough that tree had produced ripe peaches early; he also had some dandy big cucumbers ready for slicing well before August 1. Some of these gardeners don't seem to have to worry about floods and later seasons; they just go ahead and get an early crop anyway.

CLINTON OATS

The Clinton oats which made a great hit in this area last year are once more proving their worth. Last week Bill Fremd was telling us about his fine stand of this variety of oats and then along comes Ernst Hagenow and says his Clinton oat stand is a dandy. We also understand that Emil Schroeder, who was one of the pioneer Clinton growers in this region, has a fine 25 acre stand of that crop.

Bill Kehe was telling us about a trip he took down state and how many varieties of oats in the section where he visited were in very poor condition, some badly affected by the adverse weather and some by disease. He says that after seeing those bedraggled looking fields it's a pleasure to get back up in this country and see some of those wonderful fields of the Clinton brand that they boys up here have.

SIGNS OF FALL

Many signs of fall are making their appearance these days. Aside from the near winter weather which seems to pay us a weekly visit there are signs that the summer season is on the wane.

Ripening grain fields lend a touch of fall color to the countryside and the birds are acting very much as they do in the early days of fall. The blackbirds have been flocking for some time and the huge flocks that gather in the trees in some neighborhoods each evening are once more making themselves a pest to the people of the communities where they make their evening assemblage.

Then, too, the robins, flickers gang up and you can see them shrubbery and garden plants in the way they do in the fall when they are thinking about taking off for southern climes.

It's to be hoped that these actions of our feathered friends are not an omen of an early fall, that they are merely symptoms which the freakish fall weather that comes along every few days, for we certainly aren't ready for fall yet.

That corn crop has too far to go to have an early fall and there are lots of truck gardens that got a late start that need plenty of time yet to mature a crop. But then those katydids that George Butler talks about haven't chirped yet and we're not supposed to have a killing frost until 90 days after they make their first peep. We told George the other day

that some years we never did hear any katydids, but that we noticed that killing frosts came along just the same. To which argument the katydid forecaster didn't have any answer.

TRAIN FARES

A hearing will be held in September by the Illinois Commerce Commission on the application of the railroads for an increase in suburban train fares. The C & N W R Y. is one of the roads asking for a boost in suburban fares. The fare increase will undoubtedly be opposed by hosts of suburban residents who don't believe that they are getting proper service now for their money, to say nothing of paying more railroad fare for the same sort of service.

Many weeks ago a delegation from the village of Palatine called upon some of the railroad big shots and came home all "hepped up" that something was "going to be moving very shortly on the big proposed improvement program of crossing grades, paving, new station. At that time the railroad officials told the delegation that they would write them a letter in about ten days setting forth when things would get to moving.

Weeks and weeks have passed and, nothing further has been heard from the railroad. And now comes the request for an increase in railroad fares.

We don't pretend to know what action the village will take at this hearing before the commerce commission, but we do know how a whole lot of people feel about it and the sort of action those people expect the village to take.

LONG SHOTS

It's amusing sometimes to notice that some folks who would look with horror at person making a bet at Arlington park on a 40 or 50 to 1 shot taking an active interest in having a flock of tickets on an automobile drawing and not considering that as a gambling proposition.

Yet when we looked at that big drum full of tickets at the fireman's festival and estimated how many thousands to one the chances of winning were, we couldn't help but feel that the fellow who bet on a 50 to 1 shot at a race track was a conservative person. At that interesting rat game where you laid money on a color and took "house odds" as to which hole the rat would dive into was just about the same things as laying it on the line on tracks.

Yet to a lot of people one is wicked gambling and the other is just taking a chance. Where the difference comes in we've never been able to figure out.

EARLY GARDEN

Arnold Thieman is happy about his garden this year and was telling about the fine sweet corn that he had ready to eat on August 1.

That's pretty early for this season, but some of the Palatine park gardeners told us about eating sweet corn from their gardens before Arnold came up with his story. Arnold told one that takes the blue ribbon. He and fresh new potatoes for three weeks off the product of seven hills of potatoes, the potatoes

Weekly recipe

Chicken is an American favorite. Serve the summer's top hot weather dish. An excellent choice for your buffets. You'll find this interesting to prepare. Be sure to top with Egg Sauce.

CHICKEN SURPRISE
1-5 pound stewing hen
8-hard soaked eggs
Salt, pepper
2-Tbsp. gelatine
2 cups chicken broth.

Method: Clean and disjoint the hen. Stew it until tender. Cool. Separate the white and dark meat of the chicken. Put through food chopper separately. Chop the Bowman egg whites fine. Put the egg yolks through a coarse sieve. Use a well oiled rectangular mold. Place the dark meat of the chicken in the bottom of the mold; next—half of the egg whites—then the egg yolks—then the remaining half of the egg whites—then the white meat of the chicken. Keep the layers as even as possible. Dissolve the gelatine in 1/2 cup cold water and add to the hot chicken broth. Pour this liquid over all in mold, being sure that the liquid reaches through to the bottom layer of the mold. Place in refrigerator to set. When ready to serve, slice the loaf and serve with Bowman Egg Sauce.

EGG SAUCE
1 cup mayonnaise
1/2 pint soured cream
4 hard cooked eggs, chopped
1/2 cup blanched almonds
1/2 cup chopped stuffed olives
1/2 tspn. onion, chopped
2 cups finely cut celery
1/2 tsp. salt
Method: Mix all together in order given. Chill.

GIVE THANKS

To the people of our city of Good Neighbors and all those persons who joined us in our recent celebration with the Fire Department, we say many thanks to all. The foregone shall remain an everlasting memory in the minds of all of us.

In honorable memory to those who lie asleep here and all over the world, we join them in spirit and return to serve once again. We express our deep appreciation for the support we received from all.

To the Navy, the Army and the Marines, we bestow our gratitude for their unstinting effort in our behalf.

We are proud of our city. Loyalty and devotion to duty made this the outstanding success it was. Here again proves the real spirit of good neighbors.

Veterans of Foreign Wars, Post 981,
Sylvester Greschner
Commander.

NEEDS HOME

Miss Irene Russell is well known and beloved by many people in Arlington Heights, having served many years as teacher and principal of the South grade school. It is in her behalf that I make an appeal to the people of Arlington Heights for a home for her and her sister, who is now confined in a hospital. They have been asked to move from their present home and are greatly in need of a house or an apartment to rent. Miss Russell is most deserving of any consideration in this regard that the people of Arlington Heights are able to give her.

S. Greschner
Commander VFW
Arlington Heights

WANT AD CON

You put my ad in wrong last week. Instead of a three week old cat it was supposed to read three week old calf.

COIN GRABBER

This happened in Palatine. Making a purchase in a Palatine delicatessen, I dropped a coin from my purse which rolled out of sight. Knowing it to be only a dime or quarter, I decided to forget it.

But just then a woman found it, asked if anyone lost anything. I said I did, but told her to keep it. She did.

Thus bank accounts are started. Who knows? Maybe when the woman saves a million, I'll get my quarter back.

Old Timer

Royal Beds

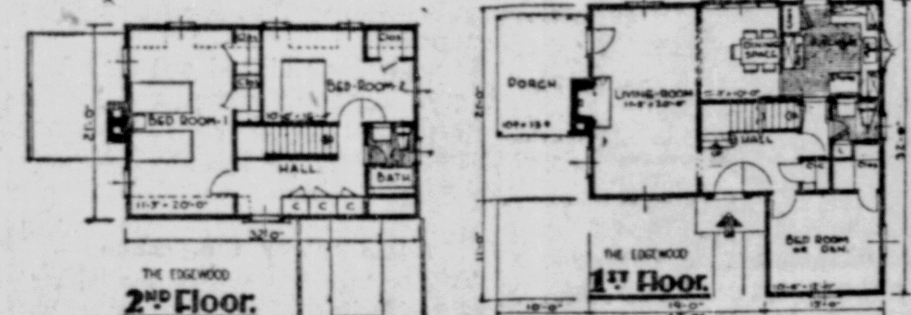

So much ceremony was once attached to royal beds that they were saluted by courtiers as if the beds were altars.

more light than a 50 watt bulb with one-third the power consumption... More than 500 basic combinations are possible in a new line of 12, 14 and 16-foot all-steel truck bodies designed and built to meet individual fleet operators' requirements.

New ideas in homes

© HOUSING PLAN SERVICE, Inc.

THE EDGEWOOD — Homey early American at its charming best is the EDGEWOOD, from the drawing board of a distinguished Washington, D. C. architect. American families of limited budgets but unlimited good taste may safely build this rugged residence anywhere from Maine to California. One and a half stories high it is an ideal house for newlyweds or for the older couple whose children have grown up and left the paternal roof tree. The first story provides the comfort of a four-room apartment, a grand living room with fireplace and three-way

light, dining space, a joy of a kitchen, and a bedroom and bath. The upper story, with two bedrooms, bath and an abundance of closets, may be finished later if the need for more sleeping space arises. Although not large, the architect has utilized his space so well that each room is larger than usually found in such houses. It conforms to all requirements of FHA, and its electrical layout to standards of National Adequate Wiring Bureau. Working Blueprints and specifications available from Paddock Publications, Arlington Heights.

Sash and Trim PAINT

This is the time to repaint those shutters, touch up sash, and do all outside trim work. Quality paints now available.

Urge care in canning fruits and vegetables

The canning season for home-makers is underway and will continue for some weeks so the Greater Chicago Safety Council is issuing a few warnings to the ladies to exert every possible precaution in order to avoid serious accident and painful injury.

If a pressure canner or sauce pan is among your newest possessions, use it according to the manufacturer's directions. Most of the accidents with pressure cookers and canners are due to family use. Here are some rules set down by the Council for safe operation:

- Follow the manufacturer's directions exactly for care and use.
- Keep all openings to pressure release valves, vents, and to pressure gauges clean at all times. Use a small wire or pipe cleaner for this purpose. A toothpick or match stick might break off.
- Know how each part of your cooker works. The safety features on your sauce pan may be different from those on your canner.
- Use exactly the amounts of water or food recommended.
- Adjust and lock the cover securely as directed by the maker.

Higgins — Canfield

Lois Moeller and Lorraine Dreyer, two Norwood Park cousins, are on a vacation in Portland, Oregon to see some of Lorraine's relatives, who live there. From there they will go to Tacoma, Washington and visit with relatives of Lois. They will also stop over at Seattle and see the sights.

Women Stockholders

Of 468,200 individuals holding stock in steel companies, 232,500 are women.

- Check pressure and heat frequently.
- Wait until the pressure is at zero and until the excess steam has been released before unlocking the cover.
- Be sure all parts are clean and in good working order.
- In open kettle canning be extremely careful of contents boiling over. Do not lift heavy hot loaded kettles, and use caution in carrying bulky loads from kitchen to basement. Be sure that all handles of cooking utensils are turned back on the stove out of reach of exploring hands. Use proper lifting devices to raise jars from water baths so as to avoid steam burns.
- It has been proven that oven canning is one of the most dangerous hazards of the canning season and should be avoided.

Fight polio fund at record high for 1947

The 1947 March of Dimes reached an all-time high in raising \$17,987,800.66 for the National Foundation for Infantile Paralysis and its 2,719 chapters to carry on the fight against poliomyelitis throughout the nation, Basil O'Connor, president of the National Foundation announced today.

In making public the audited figures for the 48 states and U.S. possessions, Mr. O'Connor pointed out that the 1947 figure "was approximately \$2,000,000 more than the previous high of \$15,982,150.66 raised in 1946."

Asserting that polio incidence so far this year was appreciably lower than the rate at this time last year, Mr. O'Connor added, however, that "the 1946 epidemics left us with a staggering burden for continued care and treatment of those stricken. Eventually we estimate that the 1946 polio bill to the nation will reach \$30,000,000 for care and treatment alone. Of course, we must also take into account the other thousands who have been and may be stricken in the current year."

The figures released today showed that New York State led in total contributions with \$1,991,353.34. Next was Illinois with \$1,094,385.44. California was third with \$1,086,583.71.

The highest per capita contribution was from Wyoming, with more than 34 cents for each person. Nevada was next with more than 33 cents per person. Oregon was third with more than 32 cents per capita.

Mr. O'Connor explained that 50 percent of funds raised during the March of Dimes is retained by local chapters for year-round treatment and care of victims of infantile paralysis, and for equipping hospitals in their communities with adequate facilities for such care.

The other 50 percent is allocated to National Headquarters to finance research into the cause, prevention and cure of polio, to provide a broad educational program and to maintain an emergency fund to aid local chapter whose funds become exhausted in providing care for polio patients in their area.

Navy vets can get Victory Medals at Des Plaines office

Navy veterans in Arlington Heights and vicinity, both men and women, may now receive the American Defense and World War II Victory Medals, if eligible therefor, by presenting the original of their discharge certificate at the U. S. Navy Recruiting Substation, in the Post Office Building, Des Plaines from 8:30 a. m. to 4:30 p. m. Fridays and from 8:30 a. m. to 12:30 p. m. on Saturdays.

In announcing plans for distribution of the medals, Chief Electrician P. E. Richter USN, in Charge of Recruiting in the North Chicago Suburban area estimated that approximately 10,000 Naval veterans in this area are eligible to apply for these medals which are testimonials of their honorable and faithful service to their country during World War II.

Chief Richter also explained that nearly all veteran's organizations are cooperating in distributing the awards, and that ex-Navy personnel may apply either directly to the Navy Recruiting Substation or contact their veteran's organization for further information.

It was also pointed out that Ex-Army, Marine Corps, and Coast Guard personnel must apply through their respective services for their medals.

Make changes in filing dates for political offices

Dates for filing for public office have been changed under recently enacted and approved legislation, Secretary of State Edward J. Barrett, under whose jurisdiction filings are made, announced today.

Under House Bill 376 the first day for filing petitions is 85 days prior to the primary and the last day for filing is 78 days (now 78 and 70 respectively). Last day for withdrawal under the new regulation is 73 days before the primary, thereby allowing five days—now three—for withdrawal after the final filing date.

Last day for the senatorial committee to meet is 70 days prior to the primary and the last day the committee may file its resolution relative to the number of candidates to be nominated by their party is 68 days, Secretary Barrett announced.

These changes in the law will be incorporated in the Election Calendar for 1948, now being compiled by his office, Barrett said.

Poll tax keeps whites as well as colored for getting vote

Rep. Thomas L. Owens, Illinois Seventh District, recently voted to abolish the poll tax as a voting prerequisite in Federal elections.

Proponents of the bill declared the poll tax is not used as a source of revenue but as a device to keep some citizens from voting.

In the Presidential elections in 1944 ten percent of the potential voters voted in the sev-

en poll-tax states, as against 49 percent in the free-vote states," one spokesman asserted.

Debate brought out that the tax disenfranchised ten million voters at the ratio of seven white persons to three colored.

Owens voted with the majority of 290 which favored the bill. Of the 12 "no" votes, 98 were Democrats.

H. M. Jones, Lorraine Schumacher, and Mary Lathrop have sued William O. Leatherman in the Superior court for damages resulting from an automobile accident on highway 41 near Golf road, March 15. It is charged that the defendant's car ran into the Jones' car damaging it and injuring the women who were passengers in it. Jones asks

\$1,000 for damage to his car and the women ask \$5,000 each damages for injuries.

Eight-hour Day Is Foreseen for Farmers
As Mechanical Aids Reduce Choring Time

By IRA MILLER
Farm Electrification Bureau

Imagine farmers of a generation or so ago being told that their sons and grandsons some day would be leaning on their forks and watching while their barn gutters are mechanically cleaned—or having their require-

END OF THE LINE—Here's where manure, cleaned from gutters by an endless chain, reaches the conveyor for removal from the barn to a waiting spreader.

ments of ensilage automatically delivered to them down the silo chute at the flip of a switch. They probably would have sent out a call for the sheriff, just in case their posteriors became itchy.

However, strange though such predictions would have seemed "way back when," electrical-operated equip-

ment for cleaning barns and unloading silos is on the market today. And so are many other types of farm electrification equipment which farmers of a bygone day would have considered beyond belief.

A quick look at "what's new in farming electrically" reveals a number of new product developments, including the following: Electronic equipment to candle eggs; bacterial lights to kill air-borne disease affecting poultry and stock; a device by which pasteurized cream enters one end of a tube and emerges from the other as butter ready for packaging; chicken debeakers which remove a small portion of a chicken's beak to save feed and reduce cannibalism; peanut shellers; heat lamps arranged in banks of a dozen or more, to warm milk house workers in cold weather; motor-driven, overhead wheels for safe exercising of bulls; rotating drums, equipped with "rubber fingers," to pick chickens; electrically heated stock waterers.

These new developments are linked closely with such experiments as these being carried on by the U. S. Department of Agriculture—the control of insect pests by the use of electric lamps and traps; use of infrared heaters on farms to dry seeds; use of ultrasonic vibrations for treating seeds and new methods for curing bright leaf tobacco.

Add to the many new products, those which already are in extensive use, like barn hay curing equipment, milking machines, grain handling and processing equipment and others, and farmers will begin to see that the day of the "farm electrification" is not far off.

To demonstrate 'meat cookery' at 4-H fair

Timely, interesting and practical information concerning the preparation of meat for the table, the nutritive value of meat, and how to use the available meat supplies to the best possible advantage will be featured in a meat cookery lecture—demonstration sponsored by the 4-H Fair, which will be presented before 4-H Club members in Arlington Heights on August 23, 2:00 p. m.

In charge of this program will be Miss Anna Bines, field home economist of the National Live Stock and Meat Board, an educational and research organization which represents the entire livestock and meat industry.

MISS BINES will present a varied program. Drawing upon the results of meat cookery studies initiated by the Board and conducted by colleges, universities and the United States Department of Agriculture, she will demonstrate the preparation of various meat cuts by the methods best suited to those cuts—roasting, broiling, panbroiling, braising, simmering and frying.

She will stress the value of low temperature meat cookery in holding down meat shrinkage, thus providing more meat servings and a more tender, juicier and more palatable meat dish than when a high temperature is used.

OTHER TOPICS covered in the program by the Board's field home economist will be simple and attractive ways to serve meat, foods to serve with various meat dishes, building meals around meat, short cuts in food preparation, attractive ways for garnishing the meat dish, and the care of meat in the home.

Miss Bines is a graduate of one of our leading educational insti-

tutions. She has had extensive experience in her chosen field, and makes the most of every opportunity to assist homemakers with their food problems.

It is announced that those attending this program will receive copies of the Board's meat recipe book, "My Best Meat Recipes," which is filled with practical suggestions on the preparation of scores of beef, veal, pork and lamb dishes.

"This demonstration is primarily for 4-H girls," states the Farm Committee. "The doors will be open to the public. 200 free reservations will be issued 4-H girls who apply to the Cook County Farm Bureau, Arlington Heights until August 13. Others may request reservations which will be filled in turn after August 13 until the 200 are taken up."

Eight doughboys hold reunion with Ft. Sheridan colonel

An event that may add another rule, as far as military journalism goes, to such familiar newspaper saws as "When a man bites a dog, that is news," occurred recently at Fort Sheridan.

It was, "Doughboys visit full colonel."

On Sunday, July 27, eight former enlisted men, none ever higher than back-sergeant, in the AEF of World War I, visited their old commanding officer; then a first lieutenant, now post-commander of Fort Sheridan, Col. Newton G. Bush.

Idea for the event was born in April of this year in the mind of Pat Hanrahan of Chicago, one of the eight men, who contacted the others and finally arranged the occasion for July 27. Included among the group was Louis Vorigis, manufacturer of dyes for leather and fabrics in Roselle.

All of the men trained with Colonel Bush in this country with all but Vorigis going overseas with Bush. Vorigis, attaining highest enlisted grade of the group, remained in the States to train other men.

'48 strawberry
yield depends
upon work now

Now that the strawberry season is over, growers must make adequate preparations for next year's crop, advises A. S. Colby, Horticulturist at the University of Illinois College of Agriculture.

Colby recommends that the first thing to do is cut off all of the strawberry leaves. Then rake them from the patch and burn them. This, he said, is to help to prevent the spreading of this season's insects and disease to next year's crop.

Wide rows should be narrowed slightly, and some of the older plants removed to leave open spaces for new runners to set. The soil should be worked up around the remaining plants. Use of well-rotted manure or complete commercial fertilizer is suggested. Any fertilizer falling on the plant crowns should be brushed away.

Throughout the summer the patch must be kept free of weeds and the ground loosened. Colby

says further that if the ground is dry and rainfall deficient it will pay to water the patch if it can be arranged.

Asked if a strawberry bed which had fruited once should be renewed or renovated for another crop, Colby said that this was the usual procedure and would work out satisfactorily unless there was something seriously wrong with the plants or the site was poor.

More information concerning strawberry-growing may be obtained from the College of Agriculture, Urbana, Illinois—Circular #53.

Couple in poorhouse,
find \$47,000 in
old homestead

With a total of \$47,160 already found hidden in an old trunk and in other places in the ramshackle buildings on the old Schoenbeck homestead farm place near Elkhorn, Wis., Sheriff Cusack has ordered a guard on the weird, deserted premises—one deputy by day and two by night, to prevent intruders from making a search for more of the hidden fortune of the Schoenbeck family, two aged surviving members being cared for in the meantime at the Walworth county poor house after a hearing in court.

LAW on the FARM

Negligence—A farmer's liability for injury to others generally arises from one of five causes: (1) his personal actions, (2) trespass of injury by his livestock, (3) trespass of injury by his employees in the course of their employment, (4) the condition of his premises or (5) injury to his employees resulting from the use of machinery, equipment, livestock or the premises generally in the course of the farm operation.

In most cases liability depends upon negligence; that is, a farmer is not liable simply because someone was injured on his premises or by his bull or by his machinery. Before the farmer can be held liable, there must have been a negligent action or lack of action on the part of the farmer or on the part of an employee while engaged in his farm work. For example, if he knows his bull is vicious, he may be held liable for its injury to another, provided the injured party was not negligent in exposing himself to the hazard. Negligence or lack of caution by an injured party is called contributory negligence and is a good defense to liability on the part of the owner of the bull.

The courts have given many definitions of negligence. One of the best is "failure to use ordinary care under the circumstances." Questions of negligence can not be settled apart from particular circumstances because unimpressive facts or conduct not present in one case may completely change the legal interpretation of another. However, anything which would appear to the majority of persons or to the average man as unreasonable, will generally constitute such negligence as to cause potential liability, as, for example, leaving a dead hog unburied next to an adjoining owner's hog pasture, failure to repair a hole in the barn floor at the bottom of a ladder, fences in such poor repair that livestock get on the highway and return at will, and tossing a pitchfork to the hired man and asking him to catch it.

There are at least six good preventives for liability: (1) Always act reasonably, (2) hire farm laborers who act likewise, (3) keep premises and machinery in good repair and safe, (4) don't ask hired help to take unreasonable risks,

(5) safely confine or dispose of vicious or unruly animals with a disposition to injure others or break through fences and (6) if something happens which lead to a damage suit, form a clear mental picture of the facts and reserve your comments and opinions. If you are insured, do what your policy stipulates.

Vegetable men will meet in Cook county

The date for the joint field day of the Illinois State Vegetable-Growers Association has been changed from Saturday, August 9, to Saturday, August 16.

According to Lee A. Somers, University of Illinois College of Agriculture vegetable specialist, the new date was set because of the late season. Both groups will meet at the Cook County Experiment Station, located 1½ miles southwest of Des Plaines.

During the morning vegetable growers will have an opportunity to check the progress of several vegetable variety trials, including the new hybrid onions. There also will be demonstrations of weed control through the use of chemicals. These weed control chemicals along with new insecticides and fungicides will be demonstrated by members of the horticulture department of the College of Agriculture, Somers said.

Following a tour of the concentrated vegetable-growing areas around Des Plaines, the groups will lunch on the picnic grounds of the Cook County Forest Preserve.

The afternoon session will be devoted to a tour of the Louis Sass farm, which is near the picnic grounds. Displays and demonstrations of new machinery and equipment will be one of the features of the afternoon.

Gems of Thought

SELF-CONTROL
In vain he seeketh others to suppress. Who hath not learned himself first to subdue.

—Edmund Spenser
There is a victory and defeat—the first and best of victories, the lowest and worst of defeats—which each man gains or sustains at the hands not of another, but of himself.

—Plato
When right, you can afford to keep your temper. When wrong, you can't afford to lose it.

—Frank E. Polk
If you would not be of an angry temper, then, do not feed the habit.

—Epictetus
You must control evil thoughts in the first instance, or they will control you in the second.

—Mary Baker Eddy
It is by presence of mind in untold emergencies that the native metal of a man is tested.

—Lowell

Fruit Growers ask home rule of county schools

The bill proposed by the Cook County Truck Growers association providing for election of a superintendent of schools by only the voters ruled by that superintendent was held over until the 1949 state legislature.

The truck growers have long felt that election of a Cook county superintendent was unfair to suburban and rural constituents, because though the people of Chicago aid in electing the school head, the superintendent has nothing to say about city schools. Chicago educational system has its own board which receives its authorization from the city council.

IN FAIRNESS to suburbanites, therefore, it stands to reason that only those affected by the superintendent should have a hand in electing him to office. Under present system, city machine in Chicago tends to dictate just who will rule the schools outside of Chicago.

A bill was prepared by the truck gardeners' attorney, Edwin D. Lawlor, amending the present statutes so as to authorize the election of a rural superintendent of schools in Cook County, and other counties having a similar situation, rather than a county superintendent of schools. This rural superintendent would have jurisdiction only over the schools outside Chicago—and other special charter cities and would be elected only by voters in such area.

THE BILL was taken up and discussed with various members of the Legislature and there was a general expression of appreciation of the unfairness of the present law—and they promised to support the bill or legislation to effect the same purpose. However, as these changes would not affect the incumbency of the present county superintendent of schools but would only apply to the next election, which will be held in 1950, it was concluded more advisable to defer the passage of any such legislation until the next session of the Legislature, to be held in 1949.

The Cook County Truck Gardeners and Farmers Association

Curing Pork

In using the dry method of curing pork and under ideal conditions, two days per pound is the standard curing time. Under farm conditions, however, it is advisable to allow three days per pound for curing. A 10-pound ham will cure in 30 days, while sides or bacon will cure in from 10 days to two weeks. At the end of the curing period, scrub off the salt with warm water, let the meat dry, and smoke it.

Girl mysteriously hit on highway

Miss Carol Mandernach, 15, daughter of Mr. and Mrs. Harry Mandernach of Northwest highway, Barrington, is a patient at St. Joseph's hospital in Elgin, as result of a freak and mysterious accident. The girl is suffering from a fractured jaw and a punctured cheek, received Saturday about 6:30 p. m. when something hit her while she was walking home on Northwest highway.

After being struck, she fainted, she said, and does not know

AIR POWER

IS PEACE POWER

HELP BUILD AMERICA'S AIR POWER

on AIR FORCE DAY, AUGUST 1ST

No one today questions the fact that the whole future of the United States may rest in the very clouds over your head. And the new, reorganized Air Forces give thousands of eligible young men an opportunity to take an active part in building America's air power... on the ground as well as in the sky.

You may, for example, enlist in the Air Forces for three years. If you have a specialty which will qualify you, you may also be able to enlist in a grade at higher pay.

If you have had Air Forces experience, you may join the Air Reserve and continue your military aviation training outside of business hours.

Or, you may join the Air National Guard and perhaps become eligible for advanced technical training at special Air National Guard schools.

On Air Force Day, make a point of finding out everything about your Air Forces—especially the new Aviation Career Plan described below. Full details can be obtained at your U. S. Army Recruiting Station.

NOW—THE WORLD'S GREATEST OPPORTUNITY FOR A CAREER IN AVIATION

Today the Army Air Forces offer high school graduates an unprecedented opportunity to get the finest aviation schooling on earth—and select your school or course before you enlist.

The AAF Career Plan is unlike anything ever offered before. It permits selected high school graduates to apply and qualify for AAF specialized courses of their own choice. Simply go to your U. S. Army Recruiting Station, advise the Recruiting Officer the kind of aviation training you want and he will provide you with an application blank and a complete list of available courses.

When you are selected to attend the course of your choice, you enlist in the Army Air Forces for 3, 4 or 5 years. After your basic training period you are guaranteed the education you have selected to make you a specialist in the type of work you want.

Get a list of all the schools and courses open to you under the AAF Aviation Career Plan at your U. S. Army Recruiting Station.

Lesson in English

By W. L. Gordon
Words Often Misused
Do not confuse **cartoon** (a pasted board box) with **cartoon** (a pictorial caricature).
Do not say, "It is a good sort of game." Say, "It is a nice kind of game."

Do not say, "She got married in New York." Say, "She married (or, was married) in New York."
Do not confuse **explicit**, meaning distinctly stated, plain in language, with **implicit**, meaning fairly to be understood though not expressed. He was **explicit** in his statement. "An implicit condition of the agreement."
Do not say, "Mr. Williams happened in yesterday." Say, "Mr. Williams **chanced** to call yesterday."

Do not say, "The audience displayed a mutual contempt for the speech." Say, displayed a **common** contempt.

Words Often Mispronounced
Fiasco (a complete failure). Pronounced fe-as-ko, e as in me unstressed, a as in at, o as in no, accent second syllable.

Discovery. Pronounce dis-kuv-er-i, four syllables, not dis-kuv-ri.
Marital. Pronounce mar-i-tal, both a's as in at, second a unstressed, i as in it unstressed, accent first syllable.

Adept (adjective). Accent first syllable.
Drollery. Pronounce the o as in roll, not as in doll.

Candidate. Pronounce last syllable date, and not dit, as is sometimes heard.

Words Often Misspelled
Psychology; observe the psych. Flimsy; sy, though pronounced zy. Crystal; one l. Crystallize; two l's. Hieroglyphic. Mediterranean; observe the six vowels and the two r's. Anonymous; observe the y.

Word Study
"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson: MOROSE; of a sour or gloomy temper. (Pronounce both o's as in no, s as in so, accent last syllable). "A poet that fails in writing, becomes often a morose critic."—Shenstone.

ENCR OACHMENT; entrance upon the rights or domain of another; gradual intrusion. "The country has yielded to the encroachments of civilization."

INCAPACITY; lack of ability. "Cunning and treachery are the offspring of incapacity."—La Rochefoucauld.

PERTURB; to disturb greatly. "He did not allow the interruption to perturb him."

LOGICAL; consistent in point of reasoning. "That is the logical conclusion." "Consider the logical result." "He is a logical thinker."

NEUROLOGIST; one versed in the science dealing with the nervous system, or one skilled in the treatment of nervous diseases. (Pronounce nu-ro-l-o-gist, first syllable as new, first o as in of, second o as in obey, accent second syllable).

Petty Officer ratings opened for ex-navy men

Many Ex-Navy Petty Officers, who previously were restricted from reenlisting in pay grades held upon discharge, may now reenlist in the same or slightly reduced pay grades in accordance with new instructions, it was announced today by Chief Electricians Mate P. E. Richter, the local Navy Recruiter.

The new instructions permit Petty Officer openings in approximately twenty-five (25) different rating groups, including those for Yeomen, Storekeepers, Musicians, Radiomen, many Aviation ratings, and others. The new instructions apply to all Ex-Navy men who were discharged on or after 15 August 1945, both Regulars and Reservists.

The driver of this truck lost control of it because its brakes were defective. It ran up the sidewalk and plowed through the side of a house, killing two persons. In addition to the terrible toll of motor vehicle deaths and injuries last year—33,500 killed, 1,150,000 injured—the total economic waste amounted to almost two billion dollars. Brakes, tires, lights, windshield wipers and other safety features should be periodically checked as a safeguard against accidents. A recent nationwide testing program disclosed mechanical defects in one out of every three cars examined.

Surplus sale items

More than 32,000 hand towels, together with a quantity of cotton mattress covers, cotton filled comforters, and tarpaulins costing the government about \$135,000, will be offered for sale at fixed price by War Assets Administration, said Bruce J. Brown, Chicago regional director. The items, listed in catalog CG-54—1296, will be offered to priority and non-priority buyers, he said.

Brown explained that the hand towels, measuring 19 by 33 inches, are unused. Representative samples of the towels and other items in this catalog are on display at the Chicago and Milwaukee Customer Service Centers, and will be on display at the WAA Exhibit at the Illinois State Fair, Springfield, Illinois, August 8 to 17.

Nearly \$170,000 worth of miscellaneous textile products such as webbing, thread, tarpaulins, and hair seat pads, listed in catalog CG-54—1288, will be offered for sale through sealed bids to commercial buyers without priorities, Brown added.

New vice-president of Public Service

Harold S. Patton has been elected a vice president of the Public Service Company of Northern Illinois effective August 1, it was announced this week by Charles Y. Freeman, chairman of the board. He succeeds the late William J. MacPherson who died June 23.

Patton, a resident of Evanston, became associated with the utility in 1915 when he began work as a substation operator. He later served as power supervisor, assistant electrical engineer, and manager of division operating.

Four years ago he entered the industrial relations department, and for the past two years has been manager of industrial relations for the company. He is a graduate of Purdue

University and a member of the American Institute of Electrical Engineers.

Modern Etiquette

1. Does the ten per cent tipping rule hold good in a restaurant when one's bill is fifty cents?
2. Should a man bow from the waist as he lifts his hat, when acknowledging a woman acquaintance he meets on the street?
3. When registering at a hotel, is it all right for a woman to sign her name "Dorothy Smith"?
4. Where should a woman, escorted by a man, sit when riding in a taxi?
5. If you have a secretary phone a person, is it permissible to keep that person waiting until you come to the telephone?
6. Is it proper for a girl to rise when she is being introduced to a young man?
7. Is it all right to remove the inside of a baked potato with a knife?
8. When one does not understand the name upon being introduced to a person, may one ask him point-blank what his name is?
9. What would be a good excuse when sending regrets to an invitation one does not care to accept?
10. When should calls be made on the bride in her new home?
11. In conversation, is it ever permissible for one to supply a word for another person?
12. What is the proper way to eat watermelon?

1. No; ten cents is considered the minimum, ten per cent when the bill is one dollar or more.
2. No; he should raise his hat and incline his head slightly.
3. No; she must always prefix the "Miss" or "Mrs."
4. When entering the taxi, she should take the seat farthest from the curb, so that her escort is not forced to pass in front of her.
5. No; while this may be saving your time, it is wasting the other person's and is exceedingly thoughtless.
6. No; she should remain seated.
7. No; break the potato into halves with the fingers, sea-

Ever Stop to Think Why the NEW BENJAMIN LABORATORY

Is IMPORTANT to Folks Living in DES PLAINES ...and to All Northwest Area Residents?

Think of this Laboratory as one of your insurance policies. It is an assurance that the products of Benjamin shall be in the vanguard of progress... shall continue to merit the purchaser's favor... and thus insure not only the company's prosperity, but yours as well! For as Benjamin prospers, so do its employees. That benefits the communities in which they live... and what benefits your community benefits you, too!

In making industrial and commercial lighting equipment, one of Benjamin's main concerns is SIGHT CONSERVATION. In factories across the length and breadth of America, millions of workers see better,

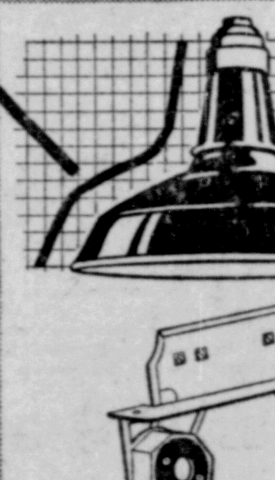

are helped to earn more and do their work with less fatigue and in greater safety, because of Benjamin lighting units... units which were produced through Benjamin laboratory control and research, and made by your neighbors working at the nearby Benjamin plant in Des Plaines.

Aiding peoples' sight is a good work. It reacts to the benefit of the Benjamin people; it insures them a steady job at good wages, and all that those things mean in terms of home, family, security, AND COMMUNITY. That's why the Benjamin Laboratory of Light is a symbol of insurance... insurance that those good things shall continue.

WHY THIS SHAPE?

The contours of all new Benjamin reflectors are scientifically plotted by our illuminating engineers to achieve a definite lighting result. Samples of the reflectors are then put to exhaustive tests in the Benjamin Photometric Laboratory to assure the correctness of the design before proceeding with manufacture.

A properly designed reflector directs light rays so that the MOST light falls on the work, and the LEAST glare reaches the worker's eyes, to weary or confuse him. This Benjamin reflector is then stamped from steel, porcelain-enamelled, finished, tested and shipped to thousands of American factories by your neighbors who work at the Benjamin plant.

The New BENJAMIN FLUORESCENT SOCKET

Throughout industry, the fluorescent lamp provides shadowless, eye-comforting light. Soon Benjamin fluorescent reflectors will have this "advanced design"... SPRINGLOX socket, which makes it very easy to relamp, and makes it impossible for the lamp to jar loose and fall out... It is one more example of Benjamin's forward-looking, laboratory-insured service to industry and the preservation of peoples' eyesight... one more Benjamin insurance of prosperity to Benjamin workers, and stability of the communities in which they live.

BENJAMIN BENJAMIN ELECTRIC MFG. CO. On Route 14, Just Outside Des Plaines
A GOOD NEIGHBOR... A GOOD PLACE TO WORK

son, and remove the inside with a fork, never with a knife. The skin is placed at one side of the plate. 8. No; just avoid mentioning the name. 9. Probably the safest excuse would be an earlier engagement for that evening. 10. Often the wedding announcement or invitation names a date after which the bride will be at home, so do not call before that time. Otherwise, it is well to wait from two to three weeks after the couple's return from the honeymoon. 11. No; this is not only rude, but embarrassing. 12. With a fork. Cut off one bite at a time, and be sure to leave the seeds on the plate.
